THE TOWN RECORD

By MONTE DAYTON

Doing some real good work for some of the less fortunate are three Jefferson high lassies — CAROL BENEDETTI, BARBARA BOUCHER and IRENE BRAITSCH.

The girls, who call themselves the "Three Jeffs," are members of the Golden Gators.

Tuesday night they performed at the First Christian church, tap dancing, pantomining, executing acrobatics, singing and what have you . . . a very talented bunch.

The occasion was a double marriage between two palsied couples, and more than 100 children afflicted with cerebral palsy were in attendance.

It was a pretty happy affair and the Three Jeffs deserve a backpat for their part in it.

MIKE BERTOLUCCI, the Hilltop butch, got in on the deer-slaying act last week along with other Daly Citizens (see sports page). Beating the bushes in the Battle Mountain, Nev., boondocks, he brought in a 180 pounder that had a rack of four points on each side.

Did you know that freshly-appointed DA, KEITH SORENSEN, had never prosecuted a criminal case for the state since his tenure in the DA office in this county?

Seems his duties consisted of clearing condemnation proceedings for school districts and other civil litigation.

Howsomever, government acquaintances say he knows his stuff, from the books, and should cut the buck in the job.

The SF Muni bus has developed a polite style of threatening its riders.

They aren't against the jitneys coming in here and won't do anything to stop them, they say.

But, on the other hand, they have announced they will pull up stakes here on the No. 76 if the jitneys do come in.

Please, suhs, don't hit us with that blackjack again.

Slight discrepancy: Howkum the engineer's estimates on Westlake Reservoir No. 1 was $67,500, while the lowest bid submitted was nearly 89,000 clams?

Didn't see anything on the cost of living index about reservoirs going up so much.

BARBARA GALINDO, the oft-moved city employee, is back at it again, this time in the city clerk's office. She's been upstairs, downstairs, thisnthat office.

Fact is, only place she hasn't landed is in the police department. But the Galindos have some stock there, also. Hubby, JERRY, serves with the local gendarmerie.

Annotation, city clerk's hangout: B. C. ROSS, venerable DC clerk, is off vacationing with his mother, CLEMENTINA.

They're gadingabout the western states, visiting relatives. EVELYN MOSMAN was called in from the bench as a substitute for B. C. on his absence.

"Hillvbilly Hop" Theme For Misbe-Haven Dance

"Hillbillv Hop" is the motif for the Misbe-Haven teen club's dance to be held next Friday in the community center from 8:15 until 11:15 p.m.

Teen-agers will come garbed in jeans, plaid shirts and ginghams for the affair.

Joe Lewkowitz and his band will supply the music.

Tickets are priced at 50 cents for stags, 75 cents for couples.

TO GUIDE DALY CITY UNITED CRUSADE EFFORT

AIMED AT SUCCESS—Shown above the the Daly City chairmen who will attempt to put the United Crusade over the top here. Left to right are (first row): Lorraine Bovero, Colma district; Molly Foster, publicity chairman; Ann Zweig, Broadmoor, Garden Village district; Betty Simonsen, central Daly City area; (second row) Esther Eiler, Westlake district; Jerry Vickers, overall chairman; and Frances Bauer, south Daly City area. Absent are Julie Eckert, north Daly City, Sylvia Silberstein, central Daly City, and E. Robertson, north Daly City.

THE RECORD photo

UNITED CRUSADE CAMPAIGN PLANS READIED BY DALY CITY WORKERS

Mrs. Sanford Vickers, United Crusade city chairman for the Daly City-Colma area, and the district chairmen are busily recruiting aides for the residential districts. They will be announced shortly, according to Mrs. Vickers.

The campaign will begin in the residential districts October 21. Mrs. Grace Briggs, residential division chairman, will be here in Daly City today (Friday) to instruct the district chairmen and aides.

A goal of $11,829 has ben set for the budget and campaign fund of the Daly City-Colma United Crusade. The divisions are: Residential, $3,280; business, $3,250; employee, $5,205; and professional, $94.00.

United Crusade business and professional chairman Peter Markovich has named for this area: Ed Garabaldi, Mrs. Jane Keith, Fire Chief Elmer Kennedy, Jack Kindrel, Fred Martin, Joe Rohl, Ray Charette, Sanford Vickers and Charlie Ward to assist in solicitation of local business firms. Every merchant will be contacted for his gift in support of the 25 agencies included in the campaign, which is sponsored in this county by the United Fund and the San Mateo county chapter, American Red Cross. Markovich and committee will have a luncheon rally at the Lake Merced Country and Golf Club, Tuesday noon, October 20.

Executives from 200 business firms in the county, representatives of labor unions, Crusade chairmen from all divisions, advance gifts, business, residential, and many of their captains and workers were present at a Commerce & Industry Division "kick-off" and rally dinner Wednesday night at the United Airlines cafeterial. They heard Adrian J. Falk of Atherton, president of S & W Fine Foods, Inc., and chairman of

(Continued on Page 2)

Analysis Of Safety Program Is Called By Mayor Gaggero

Mayor Gaggero announced that Daly City will receive on October 22 a comprehensive analysis of its safety program prepared by the National Safety Council.

The analysis will be presented by Captain H. G. Amborn of California Highway Patrol. Mayor Gaggero urged that all interested citizens, as well as officials with traffic responsibilities, attend the meeting.

The presentation will appraise the city's accident-prevention operations and offer specific recommendations for improvement in performance and procedure related to accident records, traffic engineering, traffic law enforcement, traffic courts, school safety, information, and community safety organization. The last—community safety organization—is described as "the means through which public interest and support can be brought to bear to reduce accidents."

Mayor Gaggero said the analysis is organized to reflect the best thinking and experience to date on accident-prevention, and is specifically adapted to the characteristics and needs of Daly City. He emphasized the importance of attendance at the presentation meeting by citizens as well as officials actually responsible for the city's safety program. "Only through active citizen participation and support can our public officials effectively discharge their accident prevention duties," he said.

The analysis is part of a statewide program offered by California Highway Patrol in cooperation

(Continued on Page 2)

WESTMOOR HI NOW BEYOND IDEA STAGE

Westmoor High School to be located near Skyline boulevard, just south of Broadmoor, has past the stage of being just an idea.

A study of the best use of the site has been made by the school architect Mario Ciampi, Stanford Hannah, district superintendent, and the board of trustees.

Dr. James D. MacConnell, of Stanford University, is acting as an advisor and co-ordinator of studies being made to assure the district of a modern plant, planned to meet the needs of the community.

"We have kept a careful check on the growth of the student population and have planned to have the school ready by fall of 1956," stated Hannah recently. "We are crowded now and will be more crowded next year but we do not have enough students yet to require two schools," the district superintendent continued.

The new school will open with five or six hundred students but will grow rapidly to its ultimate capacity of twelve or fifteen hundred.

The first units will include class rooms, offices, library, cafeteria, gymnasium, and two shops.

Later construction will add class rooms, more shops, audio-visual education facilities and eventually a pool and auditorium.

"We will have approximately a million dollars available for the first units," said Hannah. "This money is largely from a bond issue voted over a year ago. A part of the money made available by the bonds was used to purchase

PENNEY'S TO ESTABLISH STORE IN WESTLAKE SHOPPING CENTER

Westlake will be the site of the newest J. C. Penney Company store.

Announcement of construction of the new store was made jointly, this week, by Henry Doelger, builder and developer of Westlake and William L. Marshall, Western States Zone Manager of the J. C. Penney Company. Leasing arrangements were handled by George R. Roberts, realtor.

The new Penney store, the 149th to be constructed in California (there are now 1637 Penney stores operating throughout the United States) will be completed late in 1954.

Its construction will be of the most modern class "A" type, designed for expansion as the Westlake community and surrounding areas continue their rapid growth. Initially the building will contain 45,000 square feet of store space, occupying a site 150' x 150'. As expansion is needed this square footage can be nearly doubled. It will be fireproof throughout and will contain air conditioning for both summer and winter.

Plans include the use of escalators, automatic magic-carpet door openers and a new innovation in department store lighting which results in the nearest approximation to daylight yet developed. This lighting provides true color rendition, a great aid to shoppers when selecting fabric and material colors.

Directly in front of the store will be parking facilities for 1000 cars, in addition to the off-street parking already available in Westlake Shopping Center.

The new department store's architect, Lloyd Gartner, A.I.A., states that the visual front of the store will be emphasized, and the entire store itself will act as a show window with its merchandise visible from the Shoppers Court upon which it will front.

J. C. Penney Company officials, in signing the lease which will bring the new Penney merchandising unit to Westlake, stressed their recognition of the need to locate stores in areas easily accessible to residential sections, where major traffic problems do not exist. Westlake Shopping Center's total capacity for off-street parking exceeds 3,000 cars.

Henry Doelger, commenting on the new Penney store said, "J. C. Penney Company's decision to come to Westlake is not only a fine thing for Westlake Shopping Center, but it will provide a wonderful store for the thousands of people who prefer to shop in Westlake."

He stated, further, that 40 additional stores and shops are being planned for an expanded Westlake Shopping Center, of which the J. C. Penney Company store is only the first to be announced.

Muni May Pull Bus If Jitneys Operate

The San Francisco public utilities commission this week indicated that they would pull their No. 76 bus line out of Daly City if jitney service is brought here.

Vern Anderson, muni railway official, told City Administrator Dan Andersen yesterday that there was "not enough loads for two services to operate in Daly City."

City, muni and jitney officials met here last week to discuss possibility of dual operation.

At that time Anderson said he would report back to the public utilities commission to determine their thinking on the matter.

Jitney owners sought to establish a separate jitney service within the Daly City limits, thus making possible almost direct connection with the San Francisco line.

Anderson said the railway would not fight the jitney service here, but added that the city will have "to elect to use one or the other."

"The primary thing now," the muni official said, "is realigning the bus stops."

Tentative plans call for moving the bus terminal off Mission street onto San Jose avenue, to relieve congestion near the bank.

The city administrator said he planned to meet soon with William Ratto, muni engineer, to outline final action on the terminal switch.

SCHOOL SITES TOPIC FOR CITY PLANNERS

Preliminary study on the Jefferson Elementary School district's proposed acquisition of land for school sites in Westlake will be held Monday night at the regular meeting of the local planning commission.

The district has offered to relinquish 10 acres of land on Wildwood drive to the Doelger company, in return for land on two proposed school sites there, Olympia and Vista Del Mar.

Other business affecting the school district which will come up Monday is the school's request to acquire additional property on Alemany street for use as a school yard.

Further matters to come before the commission Monday include: Application by Theresa Altierei to rezone property on Alemany street (Lot 4, Block 15) from duplex dwelling to light commercial.

Request from the Doelger company to extend the light commercial zone on Junipero Serra boulevard into the Westlake Subdivision No. 5.

DALY CITY IS REPRESENTED AT STATESMEN MEET

Ten Daly City representatives were among the 200 Junior Statesmen who gathered in Burlingame recreation center Saturday for the Golden Gate Region convention.

During the junior-sized politics, which began at 9 a.m. and wound up late that evening, the young statesmen voted on legislation ranging from Admission of Red China to the UN, to the topic of racial segregation in Washington, D.C.

The Red China motion and legislation to outlaw the Communist party here were defeated and the ban on Washington was passed.

A total of 20 schools were present, representing the area from Jefferson high to the Oregon border.

Next activity for the local statesmen will be when they take over the functions of Daly City government, at a date to be announced.

The state convention of the group wil lbe held in the Assembly at Sacramento November 13, 14 and 15.

Those present from Daly City were: Joe Bocci Jr., comptroller of the Golden Gate Region: Sidney Warren, president of the local chapter; Sandra Capetanich, Martha Whitehouse, Bob Grubb, Dick Kalinen, Dixie Condron, Marilyn Toole, Yvonne Williford and Gwen Anthony.

$88,741.30 LOW RESERVOIR BID; ESTIMATE IS OFF

Bids on the Westlake Reservoir No. 1, ranging from a low of $88,741.30 submitted by Hart & Hyding, Inc., to a high of $118,130.08, entered by J. Henry Harris, were considered by the city council Tuesday and held over for advertisement.

The low bid was more than $20,000 above the estimate for constructing the reservoir made by City Engineer Edwin Smith.

Other bids submitted were: George C. Renz Construction, $90,449.95.; S & Q Construction Co., $91,875.60; William McIntosh & Son, $97,908.48; Thomas & Sullivan, $100,749.30; Joseph L. Barnes Construction, $102,579.00.

SUNDERMAN NAMED TRAFFIC INSPECTOR

"Due to increased traffic problems and activities in Daly City," Officer Henry "Hank" Sundermann has been appointed inspector of traffic here.

He will act as supervisor of traf-

(Continued on Page 2)

Highway Patrolman Halts 'Suicide' Ride

Herman Schaffer, 38, who has his troubles like everyone else, was stopped at the Golden Gate Bridge toll plaza yesterday, after he had told his wife that he was going to jump off the bridge.

Answering a call from Mrs. Schaffer, Highway Patrolman James Morgan found Schaffer cruising on the bridge, and flagged him to the curb. Soon after Mrs. Schaffer arrived. She was informed that she could take charge of husband and car.

Schaffer was served with divorce papers this week. After an argument with his wife, he stormed out of the house, stating that he was going to jump off the Golden Gate Bridge.

WOMAN GREETS FAMILY AFTER 33-YEAR ABSENCE

It took an act of Congress to get Mrs. Mercedes Hernandez Saguar back to Daly City after 33 years away from her family.

She arrived at San Francisco airport Saturday after flying from her native Spain and nearly 100 elated relations were on hand to greet her.

Mrs. Saguar left this country in 1920 and not until Congressman Jack Z. Anderson introduced a bill in Congress allowing her return, did she get an opportunity to see her family again.

Among those greeting here were her two sons Joseph Hernandez and Mariano Saguar, her daughter Juanita Duff, all of Daly City, two sisters, Mrs. Anna Heckman of Daly City and Mrs. Josephine Rebiejo, and a brother, Elias Hernandez.

After her initial greetings at the airport, Mrs. Saguar was rushed off to her son Mariano's home, 179 Knowles, where a gala reception was held.

Mrs. Saguar, 61, still remembers a little of the English she acquired more than three decades ago, her kin said.

She will reside permanently in this country.

Two Daly City Men Are Honored By National Concern

W. W. Bostrom of 64 Belford drive and G. B. Miller of 317 Hillside boulevard were among some 1900 senior employees of Otis Elevator company honored Wednesday night with service awards.

The local men received honors in after-dinner ceremonies held in the Clift Hotel, San Francisco.

Honorees throughout the nation represented an aggregate of 59,857 years of employment with the 100-year-old concern founded by the inventor of the safe elevator, Elisha Graves Otis. Awards were given for employment records of 25 years or more, up to 57 years.

Both Bostrom and Miller have been with the firm approximately 25 years.

Otis President LeRoy A. Petersen addressed the dinner groups on telephone hook-ups originating from New York. They heard him recount the numerous "firsts" of the company in vertical transportation leading up to the completely automatic elevators in 1953.

In vertical transportation, he said, "there is no conceivable limit to what may be done" in the future.

POLICE COMMISSION STUDIES PROPOSAL FOR DEPT. EXPANSION

Further study on the plan for enlarging Daly City police facilities in the city hall was made Monday night at the meeting of the police commission.

The proposal calls for utilizing all floor space on the east side of the first floor for the police department.

It was learned that some opposition to the plan has been expressed by the water department, which now occupies the eastern side of the building.

Commission's tentative plan proposes that the water department be set up in another building.

The commission reports that chances for expanding the police quarters "look good" and added that the council has been "very cooperative."

Another meeting will be held Monday to continue study on the matter.

ENGINEER DEMANDS MONEY FOR SERVICES

Former City Engineer Robert Klassen, in a letter addressed to the city council Tuesday, demanded that $6657.12, for services on the Brunswick extension be paid within two weeks.

The council referred the matter to Frank Blum, city attorney, who said that "payment will be held up until it is determined what the state is going to do relative to completing the job."

He told THE RECORD that no payments of any kind for work on Brunswick would be made until the matter was cleared up.

The Brunswick extension project has been beset by more than $100,000 in damage suits, occasioned by the cave-in of a supporting wall last winter.

Bragato Paving company, contractor on the job, is named co-defendant in the suits.

They have also submitted a bill in excess of $6000, which the city council has denied, on the grounds that the project is not completed.

It is believed that final adjudication of the suits is also a factor holding up payment, since the party or parties at fault in the cave-in have not yet been legally determined.

Klassen, in his letter demanding the payment, said, "You have not denied the claim nor expressed any objection to or any question about any portion of it, from which fact I presume you agree it's correct. It is now past due and payable and, in view of the delay, I now make demand for $6,657.12."

"Two weeks is a reasonable time which to expect you to have paid me," he concluded.

HEALTH DEPARTMENT ISSUES DALY CITY REPORT FOR MONTH

The county health office reported this week only three instances of disease in Daly City for the month of September.

One case of measles and two cases of syphillis were recorded.

The morbidity report listed one instance of mumps in Colma.

No cases of polio were reported here for the month, although there were 15 cases throughout the county.

Work For Community Concert Series Here

Music lovers were this week asked to rally to the community concert cause by Peter J. Markovich, chairman.

Markovich and Maryanne Read head a committee to ascertain the amount of potential interest here in securing local concerts by nationally-known performers.

If enough persons subscribe to the community concert plan, Markovich said, we will be able to bring the performances right to Daly City.

RECORD Aids In Survey To Locate All Former Scouts

THE RECORD is cooperating in an initial survey to locate all former Scouts and Scouters of the Pasadena-San Gabriel Valley, California Council, Boy Scouts of America.

The purpose of this survey is to measure, through a subsequent questionnaire, the benefits a boy receives in his earlier scouting years as measured by advantages gained in adult life—because of his Scouting experiences.

This is the 'follow-through" on everything the Boy Scout program was intended to accomplish and the findings compiled will be turned over to the National Council.

Over 75,000 boys have been processed through the Scouting Program in this one Council during the past 30 years.

All former Scouts and Scouters effected by this initial survey are requested to send their name, present address and former troop affiliation at once to:

Matt Grandon, survey chairman
Boy Scouts of America
P. O. Box 3033A
Pasadena 3, California

Colma Man Will Address Officers At Tuesday Lunch

Robert I. Ashby, vice-president of the Federal Procurement Officers association of Northern California, will preside at a luncheon meeting Tuesday at 12 noon in the Leopard cafe in San Francisco.

Walter H. Dorn of Colma, chief, purchasing section, supply division, San Francisco District Corps of Engineers, and also a member of Federal Procurement Officers' association program committee, will outline "Engineer Procurement Mission in Northern California."

Procurement of engineer supplies and services for maintenance and improvement of harbors and rivers, military construction and for overseas requirements will be portrayed.

Daly City resident Ben F. Blount, president of the association, will not be present as he is attending the Quartermaster Procurement school at Ft. Lee, Virginia, for two months.

Youth Injured When Bicycle Hits Fence

Eight-year-old Kurt Kallquist, 498 North Parkview avenue, received minor hurts Sunday when his bicycle collided with the fence

(Continued on Page 2)

SHOPPING BLOCK

News of Your Local Businesses and Business Men

By JANE KEITH
PLaza 5-6481

In case you want to check the WESTLAKE STUDIO & CAMERA CENTER'S portrait studies with a face you know—look for the one of City Administrator DAN ANDERSON—it's a dilly! Or, if you're looking for photographic equipment to rent or buy—this is the place to find exactly what you want—for reasonable prices and accompanied by really expert advice!

Studio and shop are located on Westlake's lovely shopping Mall—telephone number is PLaza 5-8822.

And how about the joker in VINCE & FRED'S CAVERN AND LIQUOR STORE who, after a long discussion on the proper mixing of martinis, came up with the question:

"Vince—now you have my directions—will you mix me one anyway I ask you to?"

"Sure—"

"Well, if you really mean that—let's have this one for nothing!"

(Nothing would please Vince more than to tell you the end of the story himself.) All joking aside, though, we want to report on the "no more liquor delivery" situation at VINCE & FRED'S. . . . Seems they used to use taxis for delivery, BUT stopped it shortly when they realized a minor might be on the receiving end.

"So, we may do a little less business," says Vince, "but with no chance for LOTS of trouble!"

Dunno, Vince and Fred—seems that kind of thinking should make your business boom!)

Most successful sale in months was that held last week at KAYE'S SMART SHOP at 66 School street. . . . Could it be because when you chose a frock (priced at from $3.95-$10.95) you received another one at NO EXTRA CHARGE? Well, that particular sale is over, but keep your eyes open in the future for values at KAYE'S SMART SHOP—it lives up to its name!

Looking for a house dress, house coat, or lingeries that won't gulp your budget money? Try the MODE O'DAY shop at 6428 Mission street! Manager-owner Mrs. Lombard has a really remarkable selection of well-designed and moderately priced items—and a flair for proper fitting!

It's a brand new boy for Tiny Garrison, owner of WESTERN WEATHERSTRIP CO. That makes three for now, but if the Garrison family gets any more enthusiastic about baseball——.

Ed Nenstiel, owner of the DALY CITY HARDWARE STORE at 6309 Mission street, swears that one more week of hearing, "Baby, that's CRAZY!" blare from the juke box across the street will have him standing on his head out front and BEING crazy!

Newcomer behind the counter of the MISSION PAINT STORE really isn't. . . . She is Nita Lopez, wife of the amateur painter's standby—Ed Lopez—just holding the fort while Ed clears out the huge yard in back of the store.

Ed says no flowers in that yard, either, unless he suddenly develops as many rocks in his head as there are out back!

Newest at STOCKTON LUMBER CO., 6100 Mission street, is perforated presswood (tempered masonite) which may be used with 200 varieties of metal hooks—for use in closets, basements, children's rooms, etc. . . . Price of this weather resistant, paintable material is just 32c per sq. ft. . . . Hooks are about 5c each!

Manager Clarence Hansen has booklets available (free) which show just how this wonder stuff may be used—and home improvers should definitely take a long look before deciding on other material! Place again is the STOCKTON LUMBER CO. at 6100 Mission street—the friendliest lumber concern we've ever contacted.

Some of the many services offered by the CROCKER CLEANERS at 6215 Mission are: In by 10 a.m.—out by 5 p.m. cleaning! Three day laundry service! And, six hour service on military uniforms at NO EXTRA CHARGE! For city wide call and delivery service, call PLaza 5-3738.

Television's Dr. Tom Groode can have "The handsome smiling face of happy Harold High"—I'll take the one HILLTOP MARKET's George Glass brings to work on those early Sunday mornings—Nothing could look better (especially when you've forgotten eggs, etc., for that hungry family's breakfast) . . . than George's brand of smiling service!

OBRIEN'S MEN'S AND BOY'S STORE, 6201 Mission, reports lots of Lay Aways for that coming Christmas—and the wide variety of their stock shows WHY, too!

Bargains of the week:

The gigantic One Cent Rexall Sale at McGRAW'S PHARMACY, 6300 Mission street, October 14 through October 17.

60 cent plant Sale at GAMBLE'S WESTERN AUTO in Broadmoor Shopping Center. Over a hundred varieties of gallon can plants will be sold Saturday, Otcober 17, from 7 a.m. to 5 p.m. All plants will sell for 60 cents.

Musical Insanities To Hit Curran Theatre October 18

The shattering of the staid Curran theater is to take place the night of October 18 with the same old reliable wrecking crew in charge—Spike Jones, his City Slickers and his brand new "Musical Insanities of 1954." The two-act revue has been shattering amusement places and box office records everywhere even with its seventh appearance in Las Vegas, Nevada, in five year's time and against competition that New York City has seldom known.

The advance seat sale for Spike's three weeks run at the Curran, including the Sunday night and Saturday-Sunday matinees, presages the same old story—jam-packed houses. The 2½ hour revue that gets so hot and enthusiastic that it literally digs a hole in a theater's stage floor, is much bigger and refurbished since its recent record-breaking engagement at the California State Fair and the Flamingo Club, Las Vegas.

Helen Grayco is warbling new songs and wearing three different gowns that set her back $1200 per copy. George Rock, Bill King, Freddy Morgan, Biv Frederick Gas, the Akim brothers, two "terrible Egyptians"; DaLores Gay, the famed "City Slickers," Paulette, the Wayne Marlin Trio, Delores Marlin and other have new material to enhance their "tried and true formula" it is said.

TRY FOR EQUAL TRACTION

When roads and streets are wet and slippery, try at all times to drive in such a way that all four wheels of the car have equal traction, advises the National Automobile Club. That is, don't run along the road with the two right wheels on a strip of wet pavement while the two left ones are running on the dry. In event of a quick stop it usually is best to have the same traction all around, even it it's poor traction. Unequal traction may upset your rules for preventing a skid or for stopping one that has started.

United Crusade Gets Underway

(Continued from Page 1)

the Bay Area Crusade co-ordinating committee, urge top management of 265 industrial concerns to take the initiative in organizing effective in-plant solocitation on behalf of the Crusade and its "Five Great Causes."

"If you believe in good employee relations, if you are endeavoring to establish labor-management joint policies on the highest level in your factory or office, then you will give your wholehearted support to the Crusade's 'chapter plan'," Falk declared.

Analysis Of Safety Program Is Called

(Continued from Page 1)

with the president's highway safety conference and the National Safety Council. The inventory representative for Daly City is R. A. Petrocchi, chief of the police department.

Westmoor Hi Now Beyond Idea Stage

(Continued from Page 1)

the site for the Westmoor High School, and some is being used for the new addition now being built at Jefferson.

Lyal Ingersoll, chairman, recently said, "The board of trustees and the district superintendent know the people of the district want an attractive, modern, and efficient school. At the same time they realize that economy is essential. We are working and planning with all these factors in mind," Ingersoll concluded.

Youth Hurt As Bike Hits Fence

(Continued from Page 1)

at Marchbanks park.

Young Kallquist was driving his bicycle south on Niantic street, turning into Parkview, when he hit the fence.

He was taken to Junipero Serra hospital, a cut on his arm requiring one stitch.

Sundermann Is Traffic Inspector

(Continued from Page 1)

fic and traffic education.

Some of his duties will include the instruction of traffic patrol groups at local schools, writing of articles on safety, conducting of safety checks and safety education in the schools.

NICKEL FOR THE WORLD

Over 95 per cent of the nickel produced from the mines in the famous Sudbury District of Ontario, Canada, is exported to the United States, Great Britain and other industrial countries.

Pacific salmon die immediately after spawning, while Atlantic salmon return to the sea.

Sutro Heights in San Francisco, once a renowned fashionable gathering place, is now a public park.

The summit of Mount Rainier is approximately one square mile in extent.

OBITUARIES

Carol McGee Lisle

Funeral services will be held Saturday, October 17, for Mrs. Carol McGee Lisle, 498 Westlake avenue, who passed away at French hospital on October 14.

She is survived by her husband, Thomas C. Lisle; daughters, Mrs. Patricial Silberberg and Gwen Johnston. She is the sister of Richard and Henry McGee and Mrs. Susan Dunham.

Services will be held at 1:00 p.m. at the chapel of W. C. Lasswell and Co. Interment will follow at Olivet Memorial Park.

WHEN REMOVING TAR

When removing tar from the body of the car, points out the National Automobile Club, don't just dip a cloth in gasoline because that makes a handy softener. Before doing that, make sure that the gasoline does not contain a coloring matter of Ethyl fluid. Gasoline doped in this way is likely to be damaging to the finish of the car. Other handy home remedies are lard and butter, and they are safer.

The Orinoco river, which flows into the Atlantic ocean, is approximately 1700 miles long.

GET RICHFIELD'S NEW ETHYL AT

A packing box is private...

Sure, but who wants that kind of privacy? If you want really luxurious privacy when you travel, try a Pullman room on an S. P. streamliner.

You'll have all the space you want, so you can stretch out and relax. You'll have your own individually-controlled air conditioning. You'll have one of those wonderful full-length Pullman beds and clean white sheets every night. You'll have your own private toilet facilities. You'll have all the attentive personal service of a top-flight hotel.

And when you feel you'd like to trade your privacy for some friendly company, you can stroll off to the Lounge Car for games, refreshments and the stimulating conversation of congenial people.

Next time you travel on Southern Pacific, try the regal comfort of a Pullman room—roomette, bedroom, compartment, drawing room or suite. Also available: Pullman section space (upper and lower berths). You can reserve space in advance.

We carry freight, too.

And freight gets gentle treatment. What's more, it doesn't cost much: On an average, we move a ton of goods for only 1.45 cents a mile. We have more miles of line serving more Western cities and towns than any other railroad. So for fast, efficient and dependable freight service—whether carloads or l.c.l.—call our nearest agent.

The Record

Published Weekly

NATIONAL EDITORIAL ASSOCIATION 1953 ACTIVE MEMBER

Formerly the Daly City Record

Entered as second class matter March 30, 1922, at the Post Office at San Francisco, California, under the Act of March 3, 1879.

Published Weekly.....$3.00 per year

3317 San Jose Avenue Telephone PLaza 5-4321

Harold P. Bradshaw.....Publisher & Editor

IS THERE ANY WAY OUT?

In light of facts disclosed by THE RECORD last week concerning the stupendous cost of sending 21 Jefferson high district students to San Mateo Junior college ($7,100 per student to be precise), we believe further inquiry into this matter should be made.

Granted, the Jefferson high school district got itself in this quandry back in 1922 when it voted to become a component part of the district, along with Half Moon Bay and San Mateo districts.

At that time, however, it was genuinely believed this district would receive far greater benefit for its money than it has.

When that first class gathered back in 1922, only 46 students were enrolled and Daly City's percentage, undoubtedly, was far greater than today's.

The cost of schooling 46 scholars, divided among three high school districts, was hardly ruinous.

But today, with Burlingame, Redwood City, South San Francisco, San Carlos, and sundry other lesser cities sending the bulk of the 1538 students, Daly City's enrollment of 21 is a mighty poor bargain for taxpayers of this district.

To send the 21 students, this district puts out $148,500 yearly, while cities not in one of the three districts supporting the JC, go along for a free ride, paying a tax of 10.2 cents per $100 valuation, less than one-third the lien on the Jefferson homeowners.

At the time the district was established taxpayers were made to believe the Daly City area would profit, education-wise, by the college.

How this was arrived at at the polls, would probably be a shrewd example for today's politicos to heed.

Even as late as two years ago, two erudite men, working in the archives at Stanford, came up with the belated theory that Daly City is too far distant from the JC to prompt heavy attendance.

And travel today, despite the latent danger of traversing either Bayshore or the El Camino, is far more swift than in the roaring 20s.

The district has been, and is, being taken for cold hard cash.

If the laws allow the district no escape, then maybe something should be done about changing the laws.

There is nothing in the constitution about robbery being legal, even if it does come in the guise of taxation.

ACTION ON PARKING DRAGS

Daly City's parking problem will never be solved at the rate of support currently being evidenced.

Monday night the Chamber of Commerce planned to present their comprehensive survey to the council, and discuss a workable solution to the problem.

The men most apt to profit by improved parking facitities, the merchants, were conspicuous by their absence.

One merchant showed at the meeting.

If the Chamber goes ahead and develops parking facilities on their own, we'll vouch that half-a-hundred merchants will come howling to the council chambers to protest.

The time for the merchants to voice their opinions is now, so that they will be taken into consideration in the final analysis of the situation.

As the trite nuptial expression goes, gentlemen, "speak now or forever hold your peace."

My Mad World

By Leonore Brewer

Someone asked us the other day what opera we had seen the previous Friday. We excused ourselves for a moment and went upstairs to consult our program. It was fortunate that the question arose last week and not this, as by tomorrow night we probably won't be able to find the program. This semi-comatose condition is reached every year around the middle of the third week of the season, and by the last week can no longer be termed "semi—."

The spirit is ever willing however, and with unflagging zeal twice a week guides the tired body to the Opera House and props it up in its seat. Tonight it will do so for the last time, and it is faced with the herculean task of not only getting the body to its seat but also of keeping its eyes open, as we have never seen "The Masked Ball."

Originally titled "Gustavo III" its plot concerned events surrounding the assissination of Gustavus III of Sweden in 1792, and was scheduled to be produced at the San Carlos of Naples. Due to an attempted assassination of Napoleon III by an Italian revolutionist while the opera was in rehearsal, it is not surprising that such a plot became the center of considerable controversy, with the police ordering Verdi to adapt his music to a new libretto and Verdi refusing to do so. When the manager of the San Carlo brought action for damages against Verdi, there was very nearly a minor revolution in Naples, with crowds following the composer through the streets, shouting, "Viva Verdi," the battle cry of a political faction who desired to unite Italy under King Victor Emmanuel.

Into this crisis stepped an impresario from Rome, who arranged a contract to produce the work at the Teatro Apollo in that city. Rechristened the name it bears today, it made its bow to the world on February 17, 1859. Its previous difficulties were further smoothed by shifting the locale from Sweden to New England, with Richard, Governor of Boston, being substituted for the unfortunate Gustavus.

Somehow we will stay awake for just one more performance, but don't ring our doorbell tomorrow—we intend to sleep all day.

How Can I?

Q. How can I repair a fireplace when the mortar has become loose around the brick or tile hearthstones?

A. Clean out the joints, wet them, and refill with cement mortar, which may be colored to match the stone. Mix the mortar by using five parts sand to one of cement.

Q. What can I do when white clothes have yellowed from washings?

A. Put them into a boiler, half full of water, to which a handful of salt and washing soda mixed has been added. Bring to a boil and keep simmering for a few hours. Rinse clothes in plenty of cold water and hang in the sun. They should come out perfectly white. Repeat a few days later if necessary.

Q. How can I keep sinks, drains and tubs clean from grease and disagreeable odors?

A. By pouring hot salt water through them once or twice a week.

Q. How can I remove stains from granite or earthenware?

A. Rub with salt applied on a cloth.

Q. How can I remove shine from a coat collar?

A. Sponge it with a cloth wrung out of hot vinegar. Press while still damp, using a black cloth for pressing.

Q. How can I prevent the window sills, on which earthen flower pots are placed, from becoming water-stained?

A. The pots may be made waterproof by putting a piece of paraffin in a saucer, setting this in the even to melt, then dipping the pots into it so that the paraffin will sink into the pores and harden.

Q. What can I do if my sewing machine needle gets blunt and begins pulling the threads of the material I am stitching?

A. Just run the needle through ordinary steel wool a few times, and this will sharpen the point.

Q. How can I make a pair of shoes waterproof for outdoor use?

A. Melt together a dressing of two parts beeswax to one part mutton fat. Apply at night and in the morning wipe well with some flannel.

Q. How can I prevent cooked cake icing from graining and sugaring?

A. By just adding a pinch of salt while it is cooking.

Who, ME? by Robert Osborn

In nine out of ten traffic accidents last year, the driver—not the car— was at fault. Only YOU can prevent accidents!

Safety News From Your Local Police

Don't Argue

Don't argue with a right of way snatcher if you want to stay out of accident trouble, Chief Roland Petrocchi warned this week.

One out of every six violations noted in injury and fatal traffic accidents involves at least one driver who violated the right of way law, he said. With nearly six million vehicles registered in California, problems involving the right of way appear quite frequently in an average trip.

Motorists and pedestrians should keep in mind that the California Vehicle Code gives no one the right of way. The law requires certain persons to yield the right of way, but until the other person yields, you have no right of way. And, arguing over that right gets about 15,000 persons into accident trouble each year.

Petrocchi advised that, "Courtesy, caution and cooperation will go a long way toward settling your right of way problems before they have a chance to put you in the injury or death column of this year's statistical report."

Alert Pedestrians

What anticipation and far observation is to the motorist, alertness and wide field of vision should be to the pedestrian.

It isn't enough to pay attention to what is immediately around you. You must keep your head up and your eyes opened. You must always take a good look up and down the street before you attempt to cross. And you must always be aware of what is going on even at considerable distance from you. By staying alert, you will stay alive.

ACCIDENT REPORT

(Oct. 4-Oct. 11)

Total: 4 collisions.

Breakdown: four passengers injured; eight auto-auto collisions; one auto-motorcycle.

In The Past

TEN YEARS AGO IN THE RECORD

Thursday, Oct. 14, 1943 — Daly City Draft Board No. 103 supplied the armed forces with 81 of the 82 men who selective service authorities had requested as the October 9 quota. In the latter part of this month there will be a small call for ten men, according to Mrs. Isabelle Flynn, chief clerk at the city hall headquarters of the board.

The Daly City-Colma Lions club will be host organization at the Daly City Servicemen's club Sunday, October 17, through Saturday, October 23. Their week will be climaxed with a social on Saturday evening. Currently, members of the Ladies Auxiliary to Company No. 2 DCFD, are in charge at the club.

Mrs. Anne Eason, Mrs. Masie Boyle, and Mrs. Margaret Steele, city committee for the center, will discuss details of a dance for servicemen with Principal James Ferguson this week.

Climax to a long series of incidents at the Signal Coffee shop, 6298 Mission street, which have required the intervention of Daly City police, came Monday night when the interior of the restaurant was wrecked, booths were overturned, the cash registers pushed off the counter, and windows broken.

In the past several weeks, Daly City police have had to give the spot a great deal of attention.

FIFTEEN YEARS AGO IN THE RECORD

Friday, Oct. 14, 1938—A one-man vice squad, comprised of Daly City Sergeant Bill Sunderland, early Sunday mopped up single-handed on a back-room bookie establishment at 6296 Mission street.

Sunderland marched into Daly City police headquarters with a load of bookie apparatus and a string of prisoners. The operator was released on $100 bail, the customers on $25 bail apiece.

Passed unanimously Monday night, a motion authorized Mayor Selmi to execute a contract with H. H. Larsen, contractor, for the construction of the new city hall. Larsen's bid figure on the new hall was $43,223. The work is to be done under a PWA setup and the federal government has appropriated 45 per cent grant.

San Mateo county's principal cities and the unincorporated area were unified this week in a highway beautification program that will be of a permanent nature but will be designed to bring results as early as next year, when tourists attracted to the San Francisco Exposition will travel through San Mateo county.

TWENTY-FIVE YEARS AGO IN THE RECORD

Friday, Oct. 19, 1928—A double birthday party was held last Saturday afternoon at the home of Mr. and Mrs. Frank J. Rivas, in honor of their son Frank Jr., who celebrated his fourth birthday, and Jerry Jones, of 348 Vista Grande avenue, who celebrated his sixth birthday.

The little guests were Audrey Teal, Curtistine Teal, Raymond Nylund, Stanley Nylund, Anna Marie Nylund, Fred Kirchhubel, Shirlev Jones, Virginia Rivas and Josephine Rivas.

The members of La Fiesta social club tendered Miss Florence McKendrick a miscellaneous shower last week at the home of Miss Annette Lucey, on Brunswick street.

Those who enjoyed the evening long to be remembered were Sylvia Fischer, Tess O'Conor, Laura Figone, Lorraine Wall, Elsie Fahy, Christine Hume, Edna Boyle, Marge O'Conor, Sarah Battaini, Julia Romer, Halliett Mulqueen, Katherine McKendric, Florence McKendrick and the hostess, Annette Lucey.

Phillip Barnardi, aged 11, of 333 Peoria street, and Thomas Richardson, aged 9, of 176 Acton street, both pupils at the Crocker school, were found at North Beach last Saturday night after being missing from their homes for four days and nights. Officers from the North End police station turned them over to their parents.

"KEEP RIGHT -- BE RIGHT," IS CHP SLOGAN

"Keep right, be right," is the slogan that indicates an important part of the proper approach to safe driving according to the California Highway Patrol.

"You should stay in the right hand lane for safety, and if you are moving slower than the traffic flow you must drive in the right hand lane," advised B. R. Caldwell, patrol commissioner, today.

"Failure of motorists to drive in the right hand lane is one of our more serious violations.

"This practice creates dangerous traffic bottlenecks, induces unsafe passing and in general disrupts the normal potential for smooth traffic flow," Caldwell explained.

"In keeping with the law and because of continuing disregard on the part of many drivers, patrol officers have been instructed to intensify enforcement of this and related sections of the code. This will be done immediately," he cautioned.

Related sections of the vehicle code which will come under close scrutiny include the new law requiring certain commercial vehicles to stay in the right hand lane; the section which states that any vehicle must be driven entirely within one lane; and the new provision requiring trucks or other vehicles towing trailers to remain at least 500 feet to the rear of the car ahead.

Bulb Planting Time Here Again

Bulb planting time is with us again—so here are some time-honored bedding plants that are useful and adaptable for planting as a bulb-cover. Primarily bulb cover plantings should be shallow rooted annuals such as nemesia, schizanthus or Iceland poppy. These produce quick color to brighten the area until the bulbs furnish some color and texture of their own. Such shallow rooted plants require little cultivation and do not disturb bulb plantings set at the correct depth.

Nemesia blooms earliest of the above plants and will ordinarily flower through the winter. Because of its restricted lateral growth, it is best used for narrow beds or strip plantings and as a cover for the earlier flowering bulbs such as daffodils, anemones and ranunculus. The bright colors of nemesia which run heavy to red, orange and yelolw shades, will lend a cheery air to the winter garden until the advent of the bulbs.

Schizanthus makes a heavier growth than the nemesia and is useful for full bed plantings as the mass effect is impressive. The color range is through the pastel shades with some half tones of red and purple. If plants are pinched back occasionally, bloom can be maintained well into the spring.

Iceland poppy will generally make the latest show of color; so is best worked in as a cover for the later bulbs such as tulips and Dutch Iris. This grand annual gives such a dazzling show of color through late winter and early spring that it will be with regret that it will be discarded to make way for the emerging bulb planting.

High Speeds Cause Most Of Freeway Traffic Accidents

Freeway driving can be safe, and pleasant too, if motorists follow certain basic techniques according to the California Highway Patrol.

"Unnecessary chances at high speeds cause most of our freeway traffic accidents," Patrol Commissioner B. R. Caldwell declared today. "The most important basic technique is to travel with the flow of traffic. This means driving at a reasonable speed, not too slow or too fast.

"Next most important," continued Caldwell, "is to drive in the right hand lane, keeping other lanes free for passing. This also means driving within one lane as much as possible and the elimination of weaving from lane to lane or cutting in and out to gain little advantage.

"Other techniques to help you drive safely on freeways are to allow at least one car length for every ten miles of speed between your car and the one ahead; signal your intention to change lanes, turn or stop; and alaws get into the proper lane well in advance of turning off the freeway," he explained.

The commissioner offered this pointer for all around safety on our freeways: "You drive safely for yourself. Don't depend on the other fellow, just be courteous to him."

WHAT'S NEW?—Certainly not the helicopter, says Fred Waring, who is back on CBS-TV for his sponsor General Electric Here Fred hops aboard a New York Airways 'copter at his Shawnee, Penna., home for a television rehearsal "Just as many of our old songs are among the greatest in the modern-day world, so are many ideas of the ancients now commonplace in everyday life," says Fred. "Take the helicopter, for instance Archimedes played around with the idea in the Second Century Leonardo da Vinci even made a model helicopter, driven by springs, in the 15th Century And the first man to actually fly a helicopter was Louis Breguet—in 1907" Fred points out, though, that this particular Sikorsky S-55 is the largest helicopter in the world certificated for commercial use (ANS)

LAW IN ACTION

WHO MAY MAKE A WILL

Who may make a will?

In California anyone over 18 years old of sound mind may dispose of property by will. Here a wife as well as her husband can dipsose of one half of the "community" property by will. Any man or wife with separate property—property acquired before marriage or by gift or inheritance, can dispose of all of it also by will.

As for a sound mind, how much mental capacity does one need to make a will?

Enough, when making a will, to know: (1) the kind and amount of one's property, (2) the "natural objects of one's bounty"; (3) and the fact that one is making a will. In short one must have the mental ability to dispose of the property under a plan he makes.

A man may be eccentric, but one's peculiarities alone do not prove his incapacity to make a will. Of course while a person is adjudged insane, he cannot make a will.

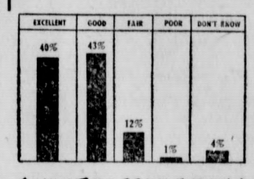
As a rule, Californians may hold property as "separate" property or in "joint tenancy," "tenancy in common", or as "community" property.

If you are single you may take title to property in your own name. If so you need not go into problems of joint holdings. For married couples, separate property is what either man or wife acquired before the marriage, or by gift or inheritance. Community property is all other property acquired by either man or wife after the marriage as a result of their joint labor.

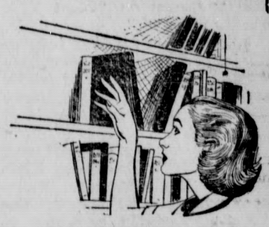
Separate or community property may be turned into joint tenancy when two or more persons take title with that expressed purpose. When one joint tenant dies his share passes at once to the survivors who then hold it as separate property. When a tenant-in-common dies, the property does not go to the surviving tenant, but to his heirs.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

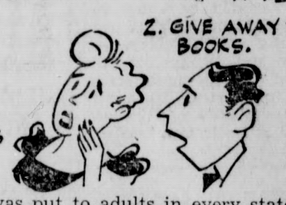
Knowledge is Power



1. WHAT DO PEOPLE THINK OF SERMONS?



2. GIVE AWAY YOUR BOOKS.



3. ARE AMERICANS RUDE?

(1) This question was put to adults in every state of the U. S. during a recent survey of religious beliefs conducted by the Catholic Digest. Their answers reveal that 40 per cent of the U. S. adults think the sermons which they hear in the church of their denomination are excellent, 43 per cent say they are good, 12 per cent say they are fair, four per cent don't know, and one per cent think the sermons which they hear are poor.

A breakdown of opinions by denominations reveals that Episcopalian clergymen receive the highest favorable percentage. Fully 49 per cent of the 2.3 million Episcopalians say that the sermons which they hear are excellent.

(2) That's right—give 'em away. After all, how often do you read them? Sure, you read them when you bought them, but have you ever looked at them since? Marcellyn Wells advises you to get rid of your library. Writing in the October Catholic Digest, she advises that unless the books are classics, poetry, or deal with specialized subjects, one reading usually is enough. Let your friends read your books, or give them to a school or public library.

(3) Many foreigners say we are. In some cases they are right. Part of the difficulty stems from the emphasis on speed and efficiency which dominate our lives. Both the National Safety Council and the AAA list discourtesy as the greatest single cause of auto accidents. Many wives are rude when they blurt out, before their husbands get that far, the endings of the stories their mates are recounting.

Victories we win by hammering at others with our superior information are usually pretty empty. Our victims don't think, "How smart Mary is," but, "How rude of her to be so insistent that she is right." The fact that a deflating remark is accurate does not make it more palatable to the victim.

Tow Away Zones For S.F. Freeway

To speed flow of traffic off and onto the new $9,000,000 Bayshore Freeway linking Army and Bryant streets in San Francisco, police have established tow-away zones between 7 and 9 a.m.

The new tow-away zones are the east side of Ninth street from Bryant to Market, and the north side of Bryant between Ninth and Fifth streets. In addition, Vermont street has been made a one-way street northbound between Mariposa and 16th streets.

Help keep our highways clean. Don't throw trash from your car.

The Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee. (Isaiah 41: 13.) Read Psalm 121 or John 3:14-17.

When called to the United States Army and sent to a training camp, it seemed at first as if I were in a desert, away from the world and friends. Then I started to think of the past and realized that I was not alone; for the Lord who had been holding my hand since I was a little child, the One whose love and truth had been taught to me over the years, was still with me. When I left that camp, the Lord was still with me to guide me.

With Christ, we can face any test and have nothing to fear. Has not the Lord said, "Be not afraid of them that kill the body, but are not able to kill the soul: but rather fear him who is able to destroy both soul and body in hell"?

By holding on to Christ, who assures to those who believe in Him the blessing of redemption, we have nothing to fear.

PRAYER

O Lord, we would live this day close to Thee. May we hear Thy voice so full of comforting love. Guide us through this life, and bring us at last to be at home with Thee in the house of many mansions; through Christ our Lord. Amen.

THOUGHT FOR THE DAY

Redemption through Christ is God's greatest gift of love.

Eliezer Pastrana (Puerto Rico)

Lutheran Church Is Now Debt Free

Bethel Lutheran church, Alemany boulevard and Huron avenue, announces that its house of worship is now debt free. The congregation will observe this important occasion in the morning worship Sunday at 10:45 o'clock.

Bethel church was established in 1925 in the Excelsior District and moved to its present location in 1940 when the first unit of the present church plant was erected. The new church was dedicated on October 10, 1948, and during the course of five years the congregation has been able to retire all indebtedness.

The Rev. Herbert P. Schroeder, who has been the pastor since 1925, will deliver the semon. The choir will render special music.

Sunday evening at 5:30 o'clock, a supper will be served to the congregation in the parish house. A program will follow consisting of musical selections and the ceremony of the burning of the mortgage. Motion pictures will be shown covering important events in the history of the congregation.

Girl Scouts Topic At Christian Church

The Ocean View Christian church turns the spot light on the Girl Scouts Sunday morning when its minister, Howard Patrick McConnell, speaks on "What little girls are made of!"

The church is meeting temporarily in the Lakeside Dancing Academy, 107 Sagamore. This service is at 10:55 o'clock.

Bible school for all ages is at 9:30 o'clock.

The Bible study group will meet at the church building, Vista Grande at Santa Barbara, Thursday evening at 7:30 o'clock. The CYF group meets in the recreation tion hall at 7:30 on Monday, and the Chi-Rho group on Friday.

Plans are speeding up for full occupancy of the building formerly held by the Grace Nazarene church. Sunday, November 22, has been named as Dedication Sunday.

SCHEDULE OF MASSES IN LOCAL CATHOLIC CHURCHES SUNDAY

Our Lady of Perpetual Help church, 60 Wellington avenue, Daly City, (PLaza 5-2377). — Sunday Masses are scheduled at 6:30, 8, 9, 10:30 a.m. and 12:15. Devotions are held on Tuesday nights at 8 o'clock.

Holy Angels church, 107 San Pedro Road, Colma, (PLaza 5-0478) — Sunday Masses are scheduled at 7, 8, 9, 10, 11 a.m. and 12:15.

Perpetual Novena is held every Tuesday night at 7:30.

FIRST GOLD LODE

The first gold lode west of the Mississippi was discovered in 1833 near Santa Fe in New Mexico, reports the National Automobile Club. This lode was worked on the famous Sierra de Oro or Mountain of Gold is now known as the Oritz mine.

OLPH MEN PLAN FOR THANKSGIVING DANCE

On the eve of Saturday, November 14, at 8 p.m. a Thanksgiving Dance will be given in the school auditorium of Our Lady of Perpetual Help school, by the newly formed Our Lady of Perpetual Help Men's Club Inc.

Turkeys will be given as door prizes.

Music will be furnished by Angelo Ferrigno's Orchestra. Refreshments will be served and baby sitters will be on hand to care for the kiddies. Tickets are being sold at $1.00 a couple by members of the organization and also are available by calling JU. 5-4008 or JU. 7-4024.

Members of the dance committee are: L. Thiebaut, chairman; J. McEntee, J. Burke, W. Murphy, P. Lofrano and C. Maschinot.

OLPH MOTHERS TO HOLD GIANT PARTY

The Mothers' Club of Our Lady of Perpetual Help school will hold a "GIANT" Stanley Party in the school hall, 80 Wellington avenue, on Wednesday, October 21.

This is one of the many fund-raising projects of the Mothers' Club and another social event.

Admission is free and refreshments will be served. No one will go home without some small gift.

The party will be held from 7:30 p.m. until 10 p.m. and all housewives are invited.

St. Finn Barr Plan For Annual Autumn Whist

Saturday evening, October 24, is the date for the annual fall whist party of St. Finn Barr's church.

The event will begin at 8:30 p.m. and will be held in the church auditorium, Hearst avenue and Edna street.

Proceeds will go to the church's school building fund.

ITALIAN DINNER TO BE OFFERED OCT. 25th

A full-course Italian dinner, including table wine, one-half roast chicken and "all the spaghetti you can eat" will be served Sunday, October 25, from 4 to 7 p.m. in St. Michael's school auditorium, 55 Farallones street, San Francisco.

The dinner is sponsored by Mother of Mercy, Branch No. 113, Italian-Catholic Federation. The public has been invited to attend.

Reservations are $2.50 for adults. They may be made by contacting Miss Yolanda Bernadri, JU. 7-8791, or with the president of the branch, A. Pardini, PL. 5-2987.

A child's plate at 75 cents will also be offered.

Pilgrim Church Slates Annual Bazaar In Nov.

The Pilgrim Congregational church, located at 400 Randolph street, San Francisco, will hold its annual bazaar Friday and Saturday, November 6 and 7, it was announced this week.

The event, to be held at the church, will begin at 10 a.m. and last throughout the day.

The public has been invited to attend.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

Well the heat wave finally broke and last week we were treated not only to our usual fog but a little rain too. That is a sure sign of the approaching season when all the holidays will be with us. People are still coming and going and lots of interesting things have happened so let's go with the news.

MRS. RUTH ROWLEY recently adjourned to Reno and was married to VERN MILLER. Accompanying them on the trip were MR. and MRS. EDWIN DUNCAN, sister and brother-in-law of the bride. They not only had a pleasant trip but were the attendants at the wedding. Congratulations and best wishes from all the folks.

The MILLERS moved last week. SHIRLEY, BOB, little BOB and the cat packed up their belongings and changed their address from Los Olivos avenue to Los Banos avenue. All their neighbors and friends are glad to see them in their new home, and also glad that they didn't move too far away.

The FRIENDLY TWELVE did it differently this month. Instead of meeting at someone's house they went to the Cliff House for luncheon. After that they adjourned to Playland and had a grant time riding on all the concessions. There seems to be no end to the diversity of adventures that this group has.

Items of Interest

There was a board meeting of the J.U.H.S. held at the home of MRS. FRANCES WINDHURST of Templeton avenue last week. The meeting was well attended and after a nice luncheon the ladies got down to business with the United Crusade being the main topic of the day.

Celebrating birthdays this week will be quite an item in the Brush family. MRS. BOBBIE BRUSH of Winchester street has hers on the 15th; RAYMOND BRUSH, son of the WILLIAM BRUSHES of Niantic avenue, has his on the 16th, along with Bobbie's daughter, KATHY, and JAMES BRUSH of the U. S. Air Force has his on the 17th. Happy birthday to all of them from all of us.

This is irony for you. FRANK BOSKEY left his nice new shiny car parked up at the top of the hill while he went shopping. It wasn't enough of a shock paying the current day prices, but when he came back to the car someone had very nicely banged into it. To really make life most interesting, no name was left and Frank was left with one new door to replace at his own expense. How courteous can people NOT be?

Servicemen

This is what I like to write about. Last Wednesday MRS. EDNA CRUZ of San Jose avenue had a birthday. Last year Edna had a birthday, too, but there is a story behind those two birthdays. Last year on her birthday her son, A 2/ SYL CRUZ sailed for Japan and Korea. This year on her birthday she answered the phone and lo and behold SYL was in Seattle and on his way home from Korea. Could anyone have had a nicer birthday present than that. Syl will be home for thirty seven days and then he will leave for Texas and from there either to England or Germany for further overseas duty. Welcome home, Syl, and of course we all know Edna had the happiest of birthdays.

SGT. HOWARD FLETCHER, son of MRS. JUNE FLETCHER of Vista Grande avenue, paid his mother a surprise visit a week ago. He flew in from Hickam Field, Honolulu, just long enough to say hello as he flew right out again the next day. Howie is stationed at Hickam Field with the U. S. Air Forces.

RAYMOND GRANDONA of the U. S. Army was heard from this week. He has returned from Korea and spent his furlough with his mother and enjoyed visits from the few of his friends remaining at home. He was surprised to find how many of the fellows were gone. He has now left for Fort Lewis, Washington, where he will be until December.

Another of the fellows would like some mail. A 3/c BILL VALENTINO of the 68th Bomb SQD—44th Bomb Wing, stationed at Lake Charles A.F.B., La., Box 237, would really like any of the fellows who read this, no matter where they are, to write and let him hear from them. Bill has had a promotion and is now an assistant crew chief-jet mechanic on the new atomic Jet bomber. What a job! Congratulations, Bill, and let's hear from you again soon.

More news from PVT. JERRY FAGAN. Jerry has moved from his residence in Inchon, Korea, to somewhere up in the hill of no-man's land, Korea. He also has an interesting occupation—a gunner on a half track. Wonder if they taught that at Jeff! I very much doubt that that subject was included in the curriculum.

More news from the Marines again. P.F.C. RONALD SPECHT, son of MR. and MRS. FRANK SPECHT of Guadalupe street, is on an Island off Korea where he has been for the last ten months. He is with the Air Control Group. He says it is now starting to turn cold and will be snowing soon. Ronnie is with the First Marine Air Wing and also would like to hear from the folks.

Edward F. Harper has a new name and home. He is now A/B Edward F. Harper and his new home is Lackland Air Force Base, Texas. Eddie will be remembered by many of the fellows at O.L.P.H. as he graduated from there and then went on to high school in San Francisco. Best wishes, Eddie, on your new job. We hope you like it as well as the one you had with the telephone company.

This is an excerpt from a letter received from one of the boys. Seems he met with a little opposition on his trip to Korea and it took many pints of blood to save his life. He is still not well enough to be sent to a hospital in the States so his address for the present is still Tokyo, Japan. He would like to thank one and all who at any time ever in their lives donated even one pint of blood. "When you figure how many guys got it and how many pints of blood they needed, it really makes a guy think." This is just one fellow's opinion but it should make us all think. How about it neighbors?

New and Views

Another well known neighbor celebrated her birthday on the 14th of October. MRS. RHODA RACHER, our town's leading lady barber, celebrated hers by giving the usual quota of haircuts. Rhoda is the favorite barber of the young fry and is another one of your neighbors and mine whom it is a pleasure to see and talk to each day.

Trying something new is what makes life interesting. This week MRS. KESTER had never tried it before, crossed her fingers, swallowed the lump in her throat and took an airplane for Portland, Ore. While there she will visit members of her family and see all the points of interest. Hope to hear from her when she gets back. If so will let you know how she liked it.

That group of gals who has been keeping us all guessing had their first meeting last week after the summer vacation. THE GOURMETS can't keep this up much longer as I think I recognized the voice of the last gourmet that called me up. Who wants to bet the next time they are in the news I have their names for one and all to read.

MR. and MRS. AL BALDOCCHI welcomed a new member into their home this past week. A baby girl, JOYCE CECELIA, 7 lbs., 7 ozs., arrived to join the family. She was happily welcomed by her older brother ALFRED and sister SANDRA. Mrs. Baldocchi will be remembered as Ollie Everett who went to Jeff some time back.

PETE MARKOVICH has rounded up his committee for the United Crusade. Assisting him will be MRS. ELMER KENNEDY, JACK PRICE, FRED MARTIN, SANFORD VICKERS, TOM CALLAN, JOE ROHL of the P.G.&E., WALT RECTOR, JACK KENDREE and last but most certainly not least, JANE KEITH. This committee will contact businessmen for their contributions and they hope that they make them nice ones as, according to Pete, their budget is one third higher than last year. There will be more news on this after I hear from Pete next week.

Why can't our children go to a Saturday matinee without being bothered by drunken men? Last Saturday two ten year old girls were sitting together and were annoyed by a "drunk man who smelled terrible." They got up to change their seats and he tried to detain them. This is unnecessary and uncalled for. In the first place—why allow men in the show on a Saturday afternoon? If that cannot be done, make them sit upstairs as the children are not allowed to sit upstairs unless with their parents. That would eliminate the whole episode and any similar ones that are sure to follow. This is not the first time that something like this has happened. TV programs are much safer and the shows will be the losers.

MR. and MRS. EVERETT of Hanover street are on a belated vacation. They have packed their bags and taken off to Reno to see the sights and to have a little rest and relaxation. Have fun folks, but save carfare home.

JAMES A. DONAHUE is the sponsor of the latest ladies bowling team in our town. This one is made up of MRS. SHIRLEY PETERSON, Capt., MRS. LORRAINE FAZENDEN, MRS. KAREN PETERSON, MRS. MELBA RODRIGUEZ, and MRS. RUTH PUETERBAUGH. This team will be in the same league as the one sponsored by the Central Club and there should be some good games coming up.

Well, neighbors, it's been grand hearing from so many new neighbors plus of course the others, too, and I'll be waiting at the old phone to hear what happened this week. Remember the boys like to read the paper which they get with the compliments of THE RECORD and the phone is still PL. 5-6482. 'Bye now.

No Hide Shipping

SAN FRANCISCO — Bounty-seekers all over the State no longer have to ship their mountain lion hides and crow and magpie skulls to the Sacramento headquarters of the Department of Fish and Game for payment, the Fish and Game Commission has ruled.

Bounties will be handled in the future from the Department's regional offices in Redding, San Francisco, Sacramento, Fresno, and Los Angeles.

BRUTAL KILLER

Excessive speed is a sudden and brutal killer, warns the National Automobile Club. Whenever you hurry to make an appointment, or give yourself up to the lure of that wide and open road, you are giving this killer a chance to kill you.

Local Eagles Plan For Whist Series

The first of a series of monthly whist games will be held in Daly City Eagles hall, across the street from THE RECORD on San Jose avenue Wednesday, October 28, commencing at 8 p.m.

All proceeds from these affairs will be used to help finance the children's Christmas party, which is held annually and is open to all children of the Daly City area.

George Wheeler, chairman of the whist committee, has promised many valuable and varied prizes.

He also asked that if any member wishes to add to the collection of prizes, he may do so by contacting him at the social hall on Thursday evenings, between 8 and 10 p.m., or by calling him at PL. 5-2534.

Tickets may be purchased at the door for 50 cents.

CLOSE-ORDER LINES OF HEAVY VEHICLES ON HIGHWAY ILLEGAL

A truck or motor vehicle towing a trailer, semi-trailer or house trailer should be driven at least 500 feet to the rear of any similar vehicle or combination of vehicles proceeding on a highway in the same direction.

The California State Automobile Association states that the space interval between such traffic units has been increased by law from 300 to 500 feet. This was done to make it safer for passenger automobiles and other smaller vehicles to pass and return to the right hand lane between the slow vehicles and thus expedite highway movement.

In other words, the new law endeavors to prevent "bunching up" or solid lines of heavy vehicles which tend to slow up lighter, faster traffic.

The CSAA point out, however, that the law does not prevent heavier vehicles from overtaking and passing. It also does not apply where lanes are especially designed for use by motor trucks or upon a highway with two or more lanes in either direction. Nor does ot apply to a passenger vehicle drawing a camping semi-trailer, small trailer or other passenger vehicle.

ALL YOUR ATTENTION

Driving is a job that should take all your attention, points out the National Automobile Club. Things happen fast at forty or fifty miles per hour and it takes only a moment of inattention to bring disaster. Things happen fast at forty or fifty miles per hour, and a moment of inattention my very well cost you your life.

Stocks For Winter Color In Home And Garden

A bed of stocks planted now guarantees cut flowers in abundance fall fall and winter bloom. Few annuals produce such a pleasing and prolific show of color as does this old stand-by of proven merit. The modern planting of stock can be even showier now, according to the Bedding Plant Advisory Board, by making use of the trysomic high percentage double flowered stock that now comes close to 100% double.

Stocks are generally strong growers and should be set at the back portion of a flower bed. Spacing the plants one foot apart will allow room for them to develop to maximum size. In loose sandy soil it is a wise precaution to stake them as they uproot readily from a stiff wind. Type of soil is little bother, but a fairly sunny location is a must.

Beds for stock should be raised as good drainage is essential. Poor drainage will cause the plants to rot out. Some lime should be added to the soil if peat or leaf mold are present, as stock is allergic to acid soil.

Good companion plants for planting with stock are in supply now. Calendula, nemesia, schizanthus or Iceland poppy grow a step shorter and bloom along with the stock. Good border plants for such a bed would be pansy, viola, primula malacoides or dwarf dusty miller.

UNDERINFLATED TIRES

Underinflated tires cause hard steering, according to the National Automobile Club.

Careless Smoking Is Major Cause Of Most Fires

Careless smoking is the major cause of fires in San Francisco, the San Francisco chapter of the National Safety Council reported today.

During the month of September, 89 fires were directly attributed to careless smoking in buildings; 14, in automobiles.

Last year, 1,756 fires were started in San Francisco by smokers failing to properly extinguish cigarettes, cigars and matches. Chief location of home fires caused by careless smoking habits are in the bedroom and living room.

The Safety Council warns you not to smoke in bed, and to put out all cigarettes in non-inflammable ash trays free of combustible refuse.

Your life and home are of the most value to you. Don't lose them because of one moment of careless smoking.

Masons To Build New Memorial

San Francisco's famous Nob Hill will be the site of a $4,000,000 Masonic Memorial building.

The building will be constructed by the California Grand Lodge of the Masons and will include a five-level underground garage, offices, meeting rooms and an auditorium. It will be located at the southwest corner of California and Taylor streets.

nothing beats broiling in a new gas range

Just take a fork to a piece of meat that's broiled in a new gas range—and taste! Crisp, char-flavor on the outside—tender and juicy inside. And a new gas range makes broiling so *easy* . . . quick, clean, smoke-free—just one pan to wash. You can broil your whole meal—even barbecue! With gas so cheap in California, you can use your broiler as much as you wish—with no strain on the budget. Why not take a look at the new gas range . . . at your appliance dealer's today!

Gas is cheap in California!

Village Notes

By Mrs. Edith Warmoth (PL 5-8026)

Here we are again and I hope I have enough news items to complete my article for this week:

MACARTHUR

Mr. Joseph Monks has returned from a week's emergency flight to his family in Chicago.

SWEETWOOD

Happy Birthdays were extended to Mrs. Mildred Sutter who celebrated on October 12.

Mrs. Helen Avanzino has returned to B.V. after a three weeks stay in the hospital. We do wish her a speedy recovery.

FOOTHILL DRIVE

Darlene and Walter Brand were hostess and host at a "Hobo Picnic" last Saturday night. This affair was held indoors at their home and those who came dressed as "hobos" were as follows: Ruth and Trevor Jones, Maurine and Dell Guyman, Vivian and Bob Leech, Norma and Carl Wandt, Helen and Bob Easterbrook, Fran and Frank Dethlesen and Vic and Mabs Guz. Everyone really entered into the spirit of this party and a good time was enjoyed by all.

MIDWAY

Mr. and Mrs. Mel Suba of Omaha are visiting the John Travinsky's.

NIMITZ

It was a bouncing baby boy for James McKays. He arrived at the Stanford Hospital October 6. He will be called James McKay, Jr. and new Mama and Daddy McKay are real proud parents to say the least.

FOOTHILL DR.

Congratulations to Mr. and Mrs. Don Merritt on the birth of an 8 lb. 5 oz. baby boy last week.

LOUVAINE DR.

I am glad to report that little Rickey Gantert is home once again after a stay at the St. Francis hospital and is up and round playing with his friends. Rickey is one spunky little fellow and came through this hospital session with flying colors.

COLMA

Happy Birthdays were in order to Mrs. Rose Tutty on October 10. Her family fere on hand to help her celebrate.

GARDEN LANE

Miss Joan Malcewicz, bride-to-be of Mr. Robert Loberg, was honor guest at a linen shower held at the home of Mrs. Dewey Vladyka Wednesday October 14. The ladies present at this happy occasion were as follows: Mesdames Jack Golobic, John J. Fahey, Wm. Nichols, Emil Kaufman, Miss Betty Gillo all former Villagers. Also attending were Mesdames Tom Bocci, Sr., Ed. Tishey, Frank Impertice, James Fairbanks, Frank Malcewicz, Joseph Malcewics, J. C. Branstetter, Jake Orzel, George Spurza and Miss Lottie Gewicz. The table decorations were lovely and Joan was the receipient of many nice things.

VILLAGE LANE

Mrs. Ira McKee's mother and father Mr. and Mrs. Theo Mirow are visiting her this week. They are from Merced.

CHURCH

Once again I will take this opportunity to remind one and all of the coming Bazaar at the Community Presbyterian church in Broadmoor Nov. 5 and 6. One of the booths which will be, I am sure, of interest to many is the Novelty Booth which will feature merchandise in the form of Handpainted Glasses, Spice Sets, Jewelery Boxes, and many things which would make nice Christmas remembrances. Christmas decorations will also be sold at this booth and most of these items will be $1 or under. Keep this event in mind. Nov. 5 and 6.

That's "30" for now and I hope to be with you again next week. Bye for awhile.

Old Glory Auxiliary Is Represented At Counties Council

At the recent San Mateo-Santa Clara Counties council meeting, Old Glory Auxiliary No. 2044, VFW, was well represented by the following members: President Elizabeth Sorensen, Ruth Brulez, Bonnie Ellenwood, Ethel Dorn, Elsie Ireton, Marjorie Johnson, Clara Poket and Lorraine Schneider.

On Thursday evening Mary Conti, Clara Poket and Shirley Walker visited Matalan Auxiliary No. 2068 in San Mateo for their inspection by District President Stella Disbow.

On the previous Monday Marjorie Johnson, Ruth Brulez, Bonnie Ellenwood and Elizabeth Sorensen visited Tanforan Auxiliary No. 2517 at San Bruno for their inspection by the 12th district president.

Legion Auxiliary Plan Broadmoor Bake Sale

Tomorrow (Saturday) is the day for the American Legion Auxiliary, Broadmoor Post, bake sale to be held from 10 a.m. until 6 p.m. at Gamble's Western Auto here.

Proceeds of the sale will go towards annual Christmas work and rehabilitation.

The president, Mrs. Wilhelminia Johns, is in charge.

Millbrae Legion To Offer Men's Women's Fashion Show Friday

The Millbrae American Legion and Auxiliary will present a men's and women's fashion show by Rhonda's and the Ritz shops Friday, October 23, at 8 p.m. in the Millbrae American Legion hall.

Admission price is $1.25 and refreshments will be provided. The hall is located at 86 Center street in Millbrae.

Sheridan PTA To Hold Sewing Session

The October sewing session and luncheon of the Sheridan PTA will be held on Wednesday, October 28, at 12 noon, in the Ocean View Playground Club house.

Mrs. Wayne Foote and Mrs. H. D. Reip are the luncheon hostesses. Everyone is welcome.

Mommy

Mommy, I wish I could take dancing lessons at Mason-Kahn Dance Studios. They're so nice there with children, and they teach real good. All the kids at school take lessons there, and they really like it. Mommy, please let me. Why don't you call them today?

Susan

Lake Merced Scout To Be Honored With Coveted Award

Edward Hase III, member of Boy Scout Troop 340 in the Lake Merced District, will receive the coveted Eagle Award tonight (Friday) at a High Honors Court at the LDS Church Hall, 22nd avenue and Lawton street.

One of the youngest boys to receive Scouting's highest honor in the history of the San Francisco Scout Council, Edward celebrates his 13th birthday next March 1. He entered Scouting in March, 1952, as a member of Troop 37, and joined the newly formed Troop 340, sponsored by the Lake Merced Parents Club, in May of this year.

Edward served as senior patrol leader at Boy Scout Camp Royaneh last summer, and also acts as Den Chief for a group of Cubs in Pack 340. A low eighth grader at Aptos Junior High school, he is a member of the school track team. His parents are Mr. and Mrs. Edward Hase, Jr., of 29 Buckingham Way.

At Friday night's ceremonies, Milton D. Sapiro, Judge of the Superior Court and Chairman of the Scout Council's High Honors Court, will be speaker and presiding officer. Stanley Morris, Chairman of the Sunset District's Advancement Committee, will present Edward to the Court and also give a welcoming talk on behalf of the Sunset District.

Annual Hallowe'en Parade Announced By Sheridan PTA

Sheridan PTA will once again hold its annual Hallowe'en Parade at Ocean View Playground on the afternoon of October 30. Children may wear costumes to school and when the dismissal bell rings, the classes will be led across the street to the playground by the room mothers.

Mrs. Jos. Booth is in charge of the arrangements and has announced that the Ocean View Mothers' Club will join forces with Sheridan PTA to make this a gala afternoon.

Crocker Chapter, OES, Schedules Monday Whist

Crocker Chapter of the Order of Eastern Star will hold a whist party Monday evening at the Masonic Temple.

Tickets are on sale for 50 cents, and this includes refreshments.

The event begins at 8 p.m.

Chairman of the function is Mrs. Janet Turner.

KEEP CRANKCASE FULL

Keep your crankcase oil at full level, advises the National Automobile Club.

Welcome To Daly City!

New Families Moving Into Daly City Recently

The following are new residents of Daly City:

M. Neckritz, 6014 Mission street.

Louis Ahlberg, 263 Hillcrest drive.

M. Aposago, 251 Wellington avenue.

Marcel A. Wille, 384 Irvington street.

Woodrow Wilson PTA Meet Slated Tuesday

The regular meeting of the Woodrow Wilson PTA will be held Tuesday at 1:15 p.m. in Room 9.

Guest speaker on that afternoon will be Captain Mel Hanson of the fire department, and his topic will be fire safety.

Also on the agenda will be the showing of safety posters by Mrs. Pless's third grade. Refreshments will be served by the room mothers and all are invited to attend.

The membership drive has been on for one week and up to this date there have been 300 new members.

Date for the Halloween party has been set for October 31. The time and place will be announced later.

CROCKER PTA PROGRAMMERS PLAN MEETINGS

The home of Mrs. George Freeland was the meeting place Monday for the program committee of the Crocker PTA.

Mrs. Freeland, program chairman, and the ladies of her committee, met to complete the planning of this year's meetings.

Mrs. John Eckart, unit president, as well as Miss Elizabeth Kennedy, honorary vice president, sat in on this meeting. Both ladies offered suggestions which were incorporated in the plans.

According to the program group, many interesting gatherings are being arranged. Coming up soon will be one based on "holiday parties."

The PTA said it is certain to be entertaining and instructive and will be an aid to all during the coming holiday season. Members of the organization said this meeting, in particular, was one that shouldn't be missed.

DC, Colma Firemen Honored Guests At Eagles Dinner

Daly City and Colma Fire Departments were honored as guests by the Fraternal Order of Eagles, Aerie No. 1848, Thursday, October 8.

A turkey diner was served at 7 p.m., followed by a short business meeting.

At the conclusion of the meeting, Chief Elmer Kennedy and firemen gave a demonstration in the latest fire-fighting procedure, which included a short talk on five prevention in Daly City. Battalion Chief Larry Kennedy demonstrated the use of all types of fire extinguishers, while the rescue squad put on a demonstration of their work.

Captain Mel Hanson explained the fire department program in regard to safety in the schools.

At the close of the program Chief Kennedy expressed appreciation in behalf of the members of the department for the invitation, and stated that "It is a privilege to appear before any civic or fraternal organization in Daly City to promote fire prevention in the homes and businesses of our community."

Worthy President Stanley Nygowski thanked the chief and his department for the demonstration.

He also thanked Vice President Frank Davision for arranging the dinner and program for the evening.

New Arrivals

FADELL—September 17, to Mr. and Mrs. Edward J. Fadell, 697 MacArthur drive, Colma, twin daughters.

MENARY — October 5, to Mr. and Mrs. Donald R. Menary, 927 Wildwood avenue, a daughter.

PARDINI — October 4, to Mr. and Mrs. Victor Pardini, 274 Wilshire avenue, a daughter.

SERRA HIGH MOTHERS PLAN FALL FASHION

This year the mothers' auxiliary of Serra high school in San Mateo has chosen a late fall fashion showing for jts annual benefit party. Mrs. Charles Fracchia, recently appointed chairman of the event by Mrs. Gay Olson, auxiliary president, has scheduled the date for November 20, at 8 p.m.

The locale of this evening fashion presentation will be the San Mateo Fiesta site—in the Home and Industry building. Mademoisele, in San Mateo, is preparing an interesting collection of modes to be displayed.

Assisting Mrs. Fracchia in the initial stages of planning is her co-chairman, Mrs. Frank Naples. They have announced, as their immediate aides: Mrs. Robert Flynn, decorations, Mrs. J. Albert Paquette, publicity, and Mrs. Joseph Sweyd, reservation chairman.

COLMA PTA UNVEILS DISTINCTIVE CAMPAIGN POSTERS FOR MEMBERSHIP

One of the high-lights of the regular meeting of the Colma PTA on October 6 was the unveiling of the distinctive campaign posters by Mrs. G. Christiano, membership chairman. The posters were designed and drawn by Mrs. Christiano. They depict Rip Van Winkle asleep.

As the membership grows so will his beard. At the conclusion of the campaign, which will last for one week starting October 8, his eyes will open to see himself surrounded by a field of smiling freckled faced pumpkins. Each pumpkin represents a class and each freckle a member. A prize will be given the class with the most members of "freckles." The membership envelopes have been sent home by the children. It is hoped that fathers, as well as mothers and teachers, will join, although it is not necessary either to be a parent or a teacher to join. "A million do—why don't you?" Mrs. Christiano said. Contact Mrs. Christiano, PL. 5-2275, for information. She is being assisted by Mrs. P. Edgeman, Mrs. R. Lewis, and Mrs. G. Hillman.

Mrs. George Beanston, state director of home service, in her speech at the meeting on "Objects of PTA" gave some very concrete reasons for joining the PTA. She stated that there is a place for everyone in parent-teacher work regardless of race, color or creed, to use whatever talent they possess to work for the welfare of children.

Mrs. Howard Sillick, program chairman, read the program for the year. It was unanimously approved.

Bookbinding will be resumed, it was announced. Mrs. Doyle was appointed chairman for the Jefferson Elementary school, and Mrs. J. Ornellus for the R. S. Thornton school.

Mrs. Sanford Vickers, president of the Colma PTA, who is also city-wide chairman for the United Crusade, asked that the members please give their support to the crusade.

The pennant for the most members present was awarded to Miss Hester Blaylock's second grade at the R. S. Thornton school and Mrs. O. Kinsey's 8:30 kindergarten, at the Jefferson Elementary school.

Mrs. L. Stanghellini, chairman for the sewing and sunshine, asked interested persons to contact her with a view to resuming this social group. Mrs. Stanghellini's telephone number is PL. 5-3815.

The hospitality chairman, Mrs. T. Kirschner, and her committee, served refreshments in keeping with the Halloween motif. The table was decorated with autumn leaves and fall flowers.

EAGLES WILL RENT SOCIAL HALL TO CLUBS

Due to the large request for use of their hall, the Daly City Eagles have adopted a plan making possible rental of the building.

According to the Eagles, they have received numerous requests from organizations and private parties in the Daly City area desiring to rent their social hall.

A policy held by the Eagles in the past prevented them from renting the hall, but under a new plan, presented by the organization's board of trustees, the hall will be available for rental.

Persons or parties interested can make arrangements by contacting the club secretary, William Carrington, at PL. 5-6968.

HILLSIDE PARENT-TEACHER GROUP TO MEET WEDNESDAY

The Hillside PTA of the Colma school is planning an interesting meeting on Wednesday evening, October 21, at 8 p.m. in the Colma school. The school is located at Hillside and Market streets.

Mr. John Cowgill, chief probation officer of San Mateo county, will be present to speak and also show a film. All parents and friends are urged to keep that evening open to attend this meeting. Afterward there will be a time for questions and answers.

Parents are urged to join the Hillside PTA unit and be part of the Colma school by supporting the children's welfare. "We need the help of both parents as the Colma school is so rapidly growing. There are over 500 students there now and after the Christmas holidays, they are expecting to have over 1000, the PTA said.

THREE-WAY DEADLOCK IN BOWLING LEAGUE

One league-leader was knocked from the place of honor and two new teams moved into the coveted first place position Tuesday night at Brentwood in the fifth week of competition in the Daly City-Colma Bowling league.

Vince & Fred's, formerly tied for first with the Daly City-Colma Lions, was blanked by the Orphans (formerly Auto Radio) and forced to settle for a tie for second, behind the local Lions, Lombardi Auto Service and Daly City Eagles.

The Eagles were down the line in rankings until this week's play when they took three straight from Carlos Pizzeria.

Lombardi's, formerly in the runner-up spot, got in on a share of first by copping a pair of games from Ralph's Cleaners. All three league-leaders have 10-5 records.

Homes by Sterling went up the ladder Tuesday by winning a couple from Jack's Inn.

The Orphans, so named because they lost their sponsor just prior to Tuesday's competition and then acquired another, showed quite a reversal of form under their new sponsors as they rolled high team game, 916, and high team series, 2719.

Paul Purpora of Ralph's Cleaners ran off with individual honors, hitting a high game of 222 and a high series of 608.

DALY CITY PLAYERS GAIN BASEBALL HONORS

Daly City's representatives in the recently-completed Peninsula Baseball league did themselves proud in both divisions, according to final statistics released this week by the county recreation department.

In the senior division, two members of the championship Ralph's Cleaners nine took the most coveted honors.

Larry Blanchard, hard-hitting center-fielder for Ralph's claimed the league batting crown with a healthy .636 seasonal average, topping second-place Dick Rautmann of the Bohannon Yanks by a sizeable margin of 63 percentage points.

Another Ralph's representative, Catcher Bob Butcher, was named most valuable player in the league and also most valuable individual opponent faced by opposing teams.

Second baseman Ray Rosa of the Cleaners gang was also among the list of four other players named as most valuable.

Don Delbon, pitcher, also received mention for one of the most valuable individuals faced by opponents.

In the junior division, sole honor winner was Ed Leveroni, pitcher for the Westlake Rockets, who was cited as one of the most valuable players.

None of the Westlakers ranked among the first eight for league batting.

JEFFERSON 20s THUMP SAN MATEO TO MAINTAIN LEAD IN PAL BASKETBALL

Jefferson high's 20s maintained their first place standing in the Peninsula Athletic league basketball circuit Tuesday by eking out a 26-22 win over San Mateo.

Their little brothers, the 10s, copped an 18-16 decision over the Bearcats by virtue of accuracy at the free-throw line. The win raised the local papooses to third spot in PAL rankings.

Ron Anguillo led the league-leading 20s as he poured through five field goals and a free throw for 11 markers. The local 20s are unbeaten with a 4-0 mark.

The 10's Larry Hutchinson, with seven points, led his team in the scoring department.

The 10s currently sport a 2-2 league mark.

Burlingame Tilt

In last Thursday's fray with Burlingame, the local lightweights split, the 20s trouncing the Panthers, 40 to 20, while the 10s were dropping a 33-17 contest.

Forward Wally King, with seven points, led the Jeff 10s, while Forwards Ron Anguillo and Dick Kalinin scored 10 and 11 points, respectively, to head scoring for the winning Indians.

Remove Barriers

SANTA CRUZ—Three rock barriers which kept trout from 12 miles of spawning area on Soquel and Zayante creeks, Santa Cruz county, have been removed by a stream improvement crew of the California Department of Fish and Game.

Half of the costs of digging a resting pool and deepening the approach channel and jumping pool over a fall at Zayante firehouse were paid by the Santa Cruz Sportmen's Club.

Local sportsmen also paid expenses of renting a compressor and bulldozer used in blasting a large rock barrier on Soquel Creek.

The Santa Cruz county work, completed in August, was part of the State's north coastal stream restoration project. It is financed under the Federal Dingell-Johnson Act.

Lower that light beam when following at night, advises the National Automobile Club.

NEW MEXICO

The name New Mexico, according to the National Automobile Club, appeared for the first time on the title page of Luxan's Journal of Expedition in 1583.

Daddy

Daddy, I have a favor to ask you. Now, daddy, listen. . . . please let me take dancing lessons at Mason-Kahn Dance Studios. The kids at school all do, and they're in lots of shows and special events. Please, daddy, will you? You'd make your little girl awfully happy.

Indians Dropped In PAL Upset Of The Week

AGGRESSIVE CAPS IN 21-7 WIN OVER JEFF

Jefferson high's Indians, riding high on the crest of favorable publicity and a thumping win the previous week over Mountain View, were in for a fall Friday as the underdog Capuchino Mustangs dropped them, 21 to 7.

Lacking in spirit and hustle and plagued with the fumbles, the Jeffs could muster enough steam to score only once, while the agressive Mustangs were capitalizing on every Jeff bobble and making it pay off.

The win marked the second in a row for the Caps, having topped South City the previous week. Meanwhile, the Indians go into their second league fray this afternoon against Willow Glen at the latter's field.

First Quarter

Capuchino won the toss and elected to receive the kickoff. The Mustangs, after making a short drive, were forced to punt, but the ball was fumbled because of a bad pass from center and the Indians took over on the Cap. 31 yard line.

With nice running from backs Ed Gallagher, Wally Honeywell and Del Hamann, the Jeffs brought the ball down to the Cap. one yard line. Quarterback Ray Rosa was the goat on the next play, as he fumbled in the end zone attempting a quarterback sneak. The Mustangs recovered the pigskin on a touchback and took over on their own 20 yard line.

After the fumble, the Mustangs were on their way to the first touchdown of the day, with the only interruption being that of the ending of the first quarter.

First T.D.

With a few seconds gone by in the second quarter, the Caps furnished their touchdown drive, by going over from the three yard line. The conversion was good faking a score of 7-0 lead over the Indians.

Jefferson determined to get back in the game, started a drive from their own 25 stripe, after the kickoff, and went all the way to the Mustangs' 23 marker. Wally Honeywell, on the next play around left-end, scored Jeffs only points of the day as he went into the end zone with out any assist from his own men, except for Mike Cloonan's block on the left linebacker. John Geersten's kick was good for the initital point: Jefferson 7-Capuchino 7.

The rest of the quarter was a game of defense, until hot spirits were encountered. Almost a riot, the teams were engaged in fist-a-cuffs bouts before the referees could separate the players. Shortly thereafter John Madden and George Spoulos of the Jeffs, and Bing Cerri of the Caps were ousted out of the game.

The teams went to the conference rooms soon after the rhuhbarb, due to the end of the first half.

Second Half

The second half spelled doom for the Indians. After unsuccessful offense plays by both teams for a short period of time, we picked up the Indians on their own 40 yard line. Rosa attempting to pass, was hit hard by a hard charging line. The Caps recovered the pigskin and started their second T.D. drive.

Although the Jeffs put up a good defense, with Harry Samson, Paul Campion, and Rich Guisti showing the way, the Mustangs went over from the 12 yard line and scored their second touchdown. The boot was good making it 14-7 in favor of the San Bruno boys.

Neither team could do much on the way of offense the rest of the quarter and the game went into a general pace until the closing minutes of play.

Another Fumble

Capuchino recovered another fumble on the Indians 32 after, the ball was knocked away from Ray Rosa's hands in the closing time of the game. Going the rest of the way on hard runs, the Caps scored the final tally to clinch the victory.

Movies were shown through the courtesy of the Jeff Student Body to the players the following Monday.

FORMER JEFF GREAT IS SENT TO MAJORS

Daly City's Don Mossi, former Jeff high athletic great and one of the finest pitchers to come from the local school, this week was traded to the Cleveland Indians.

The Indians traded outfielder Mike Lutz and an undisclosed amount of money Wednesday to their farm team at Indianapolis for Mossi, Infielder Sam Dente and another pitcher, Marian Murszewski.

Mossi won 12 and lost 11 while playing with Tulsa this season in the Texas league and fell only seven short of busting the league strikeout record of 160.

While at Jefferson, Mossi was All-PAL as a football quarterback and was All-PAL pitcher.

LOCAL SPORTSMEN BRING HOME THE "BACON"

THE BIG KILL—Two Daly City hunters were among a party of seven that journeyed to the O'Neil area out of Wells, Nev., and the results of their outing would gladden the heart of any nimrod. This hunk of venison shown here was the largest of seven bucks shot by the party. It weighed in at 278 pounds after being partially dressed. The seven-pointer was bagged by Paul Von Kempf of Pacific Nurseries in Colma, using a .348 Winchester. Two slugs stopped the regal animal. Shown in photo is Quinto Barsotti of Spring Valley Grocery, one of the members of the party.

Verducci's Gators Face Toughest Test Tonight Against Undefeated Calif. Poly

San Francisco State and California Poly, both undefeated, meet tonight (Friday) in Cox Stadium in the Gators' game of the year. The contest starts at 8 p.m.

It will be San Francisco's last home game until the season closes on Nov. 14 and by far the toughest, at home or abroad.

Cal Poly has defeated Fresno State, 27-7, San Diego State, 32-12 and Santa Barbara 59-6. Coach Roy Hughes' Mustangs are rated among the top independents on the Pacific Coast.

San Francisco downed Cal Tech, 52-0 and edged Moffett Field, 20-13.

The Gators, trailing 13-7 against Moffett, fought from behind to tie it at 13-13 and then won the game in the last five seconds when Quarterback Maury Duncan sneaked over from the one yard line.

Coach Joe Verducci had highest praise for halfback Harry "The Horse" Bremond, who was the night's top gainer with 63 yards in 10 carries. The Horse saved the Gators twice by making four yards for first downs on the fourth and final tries. Verducci also liked the work of tackle Bob Foote, who lost ten pounds while going nearly the full 60 minutes.

Cal Poly will be a firm three touchdown favorite over the Gators. Hughes retains most of last year's stars and has an outstanding transfer in Perry Jeter. Jeter, a 5-7, 180 pounder, is a former All-American J.C. back at San Bernardino J.C. and has tremendous speed and drive.

Verducci will bank heavily on the passing of Duncan, who has completed 22 passes in 42 attempts for 337 yards and four touchdowns.

The Gators will have a flock of fast backs going for them, including Bremond, voted most valuable player in both of the Gators' games, Rudy Smith, the fastest back on the club, Walt Bremond, Jim McElroy, Bob Lualhati, Dick Storm, Walt Gomez and Littleton Cook.

California Poly will be far the strongest collegiate team to appear in San Francisco this season.

Off comparitive scores, the Mustangs could whip some Pacific Coast Conference teams.

Sarto A.C. Dumps Guadalupe Blues

Six-hit pitching by Leo Giannechine, coupled with strong fielding support, gave Sarto A.C. a 13-4 win over the Guadalupe Blues Sunday in a wild hitting contest.

The athletic club got out of trouble in the first inning with the bases full of Blues when Giannechine struck out the next hitter, followed by a neat double killing executed from Parodi to Podskaff. Parodi made a circus catch and fired to Podskaff to retire the side in the initial inning without a run.

Leading the hitting attack were Zucca and Parodi, with two apiece.

Fielding of Nard at second base was also a major factor in the win.

Giannechine, in twirling the half-dozen hitter, allowed seven walks and struck out the same number in eight innings.

He was relieved by Coburn in the ninth. Coburn was inserted to allow him to warm up for Sunday's 2 p.m. contest at Marchbanks against Don Gilmore Chevvie.

Sarto's remaining five games will all be played at Marchbanks.

SM Jaysee Opens Football Season At Sacramento Friday

San Mateo Junior College opens its Big Seven conference football games at Sacramento Jaysee this Friday evening, and students and the band will accompany the squad.

The Mateans defeated Menlo college last Friday afternoon on the Menlo field, 13-6, for San Mateo's first win of the practice season.

Dick Devincenzi, halfback from Sierra high, made the first Matean score on a 28-yard end sweep. Marv Haban, end, scored the second by taking Menlo's blocked punt out of the air and racing across the goal.

Menlo's Chuck Reynolds, fullback, on a one-yard plunge, scored for Menlo.

Mount Davidson, highest peak in San Francisco, is surmounted by a large cross.

The Outdoors

SACRAMENTO — During California's upcoming waterfowl hunting seasons, October 16 to November 18, and December 8 to January 10, duck hunters will have their pick of 13 public shooting grounds operated by the Department of Fish and Game throughout the State.

From northern Lassen county to Imperial County, more than 30,000 acres of the choicest waterfowl hunting terrain will be opened on a first-come, first-served basis. As many as 2,500 hunters may be accommodated on the areas at one time.

In an effort to place the State's waterfowl management areas on a pay-as-you-go basis, the California Fish and Game Commission earlier this year authorized a general charge of $2 per hunter per day for use of the shooting grounds. All were open without charge in past years, except for a $5 blind use fee.

A charge of $5 per hunter will be in effect at the Imperial waterfowl management area for use of locations with a blind. Hunters under the age of 16, accompanied by an adult, will pay $2.50 for the use of a blind.

The Madeline Plains and Honey Lake areas in Lassen county will be operated without fee, while the Napa Marshes area in Napa county will offer a seasonal permit for $3.00.

The areas will be open to public shooting on Wednesdays, Saturdays, Sundays, the opening and closing dates of each legal waterfowl hunting season, and Armistice Day, Thanksgiving Day and election day when these holidays fall within the legal open season. All areas will be closed on Christmas and New Year's Day.

The Imperial Waterfowl Refuge and the Napa Marsh area will remain open every day of the legal hunting seasons, except for Christmas and New Year's days.

California hunters with a valid waterfowl hunting stamp and hunting license may apply at the area checking stations for a hunting permit on the day of the hunt. Registrations are on a first-come, first-served basis.

Sportsmen planning to hunt on the Imperial management area may also apply the day preceding the shoot at the Los Angeles or San Diego offices of the Department of Fish and Game or area headquarters.

Location of checking stations:

MADELINE PLAINS, Lassen county—two miles south and one-half mile west of Madeline off Highway 395; 2,400 acres; 240 hunters.

HONEY LAKE, Lassen county—at north edge of Honey Lake; 3,000 acres; 150 hunters.

LOS BANOS, Merced county—four miles northeast of Los Banos via North Mercey Springs Road and Henry Miller avenue; 1,070 acres; 100 hunters.

IMPERIAL MANAGEMENT AREA, Imperial county—Hazard and Pumice units station 13 miles north of Browley of Highway 111, and four miles west on K Lateral; Federal unit 1½ miles west on K Lateral; Poe unit 7½ miles west of Westmoreland on Highway 99.

IMPERIAL REFUGE — closed during development work.

NAPA MARSHES, Napa county—west of Napa river about one mile northwest of Vallejo; accessible only by boat over Napa river and some of its tributaries. Permits on sale at Sacramento and San Francisco offices of Department.

GRIZZLY ISLAND, Solano county—reached by ferry 5½ miles south of Highway 12 out of Rio Vista or Fairfield; 5,000 acres; 400 hunters.

GRAY LODGE, Butte county—five miles west of Gridley on Gridley-Colusa rodd and south 3 miles on Pennington road; 1,200 acres; 80 hunters.

WELCH COOPERATIVE HUNTING AREA, Colusa county—four miles east of Maxwell; 5,680 acres; 275 hunters.

MERCED MANAGEMENT AREA, Merced county—16 miles southwest of Merced via the Merced-Los Banos road and Athlone-Sandy Mush road; 1,000 acres; 80 hunters.

SAN LUIS WASTEWAY, Merced county—three-fourths of a mile north of Volta on the Ingomar road; 1,500 acres; 100 hunters.

COLUSA NATIONAL REFUGE, Colusa county—five miles southwest of Colusa from State Highway 20 south of Colusa; 1,100 acres; 80 hunters.

SUTTER NATIONAL REFUGE, Sutter County—15 miles north from Robbins on Highway 24 to curve, then straight six miles on George Washington boulevard to Bogue road, then west five miles; 1,000 acres; 75 hunters.

The opening of the Colusa, Merced and Sutter National wildlife refuges to public hunting may be delayed by California Fish and Game Commission action until local crops are harvested.

SACRAMENTO — When California's pheasant hunting season opens November 21, hunters will find more than 150,000 acres of Central Valley "pheasant bowl" land bearing the welcome sign under the State's cooperative hunting program.

Department of Fish and Game workers are putting the finishing touches on plans to manage 18 public shooting areas under the five-year-old cooperative program. All except two will be available to licensed sportsmen without charge.

While final landowner sign-up has not been completed, game management employees are aiming for a total open acreage of 150,000, compared to 135,000 acres last year. Hunter capacity at any one time will be increased by at least 600 over the 11,700 total allowed in 1952. Three new areas have been added this year.

California's successful cooperative hunting program is designed to provide public access to hunting land while protecting the cooperating landowner. Ranchers are permitted to set aside restricted zones where they and their friends may hunt with written permits.

All pheasant cooperative areas are private property managed and patrolled by the State Department of Fish and Game. Hunting is permitted only after hunters have checked in and obtained a numbered arm band or back patch.

On the Welch waterfowl and pheasant cooperative area, four miles east of Maxwell, Colusa county, a daily charge of $2 will be in effect. A $1 per day or $5 per season fee will be charged at the new Grimes community cooperative area, two miles south of Grimes, Colusa county.

The tentative line-up of free shooting areas and total acreage:

STATEN ISLAND, San Joaquin county; 9,200 acres; one mile southeast of Walnut Grove.

RYER ISLAND, Solano county; 12,500 acres; three miles north of Rio Vista.

SUTTER BASIN, Sutter county; 13,000 acres; six miles north of Robbins.

NATOMAS, Sacramento county; 12,000 acres; five miles northwest of Elverta.

COLLEGE CITY, Colusa county; 6,000 acres; two east of College City.

BUTTE CREEK, Butte County; 5,500 acres; five miles west of Nelson.

MERIDAN, Sutter County; 10,000 acres; two miles east of Medidian.

MERCED, Sutter county; 9,000 acres; two miles south of Merced on El Nido road.

FIREBAUGH, Fresno county; 14,000 acres; one mile northwest of Firebaugh.

TWITCHELL ISLAND, Sacramento County; 6,500 acres; three miles south of Rio Vista on Highway 24.

TYLER ISLAND, Sacramento county; 7,000 acres; one mile south and west of Walnut Grove.

UNION ISLAND, San Joaquin county; 10,000 acres; two miles west and six miles north of Tracy.

YOLO, Yolo county; 10,000 acres; four miles east of Davis.

McARTHUR-P. G. & E., Shasta county; 7,200 acres; one mile northwest of McArthur.

PLAINFIELD, Yolo county; 8,500 acres; three miles southeast of Madison.

COURTLAND, Sacramento county; 6,200 acres; three miles east of Courtland.

Calif. Fishing Fleet Gets 30,000 Tons Tuna

TERMINAL ISLAND—California's fishing fleet delivered almost 30,000 tons of tuna to fish processors during August, according to preliminary reports compiled by the marine fisheries branch of the California Department of Fish and Game.

Albacore registered the largest tonnage, with receipts running over 10,700 tons. Skipjack totaled 9,400 tons, yellowfin 6,800, and bluefin 2,200. Eleven tons of bonito and 123 tons of yellowtail were also checked in.

Fish processors received 72 tons of pacific mackerel and 494 tons of pack mackerel. Anchovy receipts totaled 1,700 tons.

AUTOMOBILE BREAKDOWNS

A service call was handled for an AAA member every 9 seconds, during last year, reports the California State Automobile Association. Slightly more than 50 per cent of these calls were for tire or battery trouble.

The balsam fir is one of the straightest and most regular of all conifers.

NOTICE OF SALE OF REAL PROPERTY

No. 22077
Dept. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SONOMA

In the matter of the Estate of OTTILIE M. PENN, Deceased

To the Superior Court of the State of California, in and for the County of Sonoma.

NOTICE OF SALE OF REAL PROPERTY

Notice is hereby given that the undersigned, administratrix of the estate of Ottilie M. Penn, deceased, will on or after the 2nd day of November, 1953, sell at private sale to the highest bidder, upon the terms and conditions hereinafter mentioned and subject to confirmation by the above named Superior Court, all of the right, title and interest and estate of said Ottilie M. Penn, deceased, of, in and to that certain real property, situate, lying and being in the County of San Mateo, State of California, and particularly described as follows:

The Northwesterly ½, front and rear measurements, of Lot 18 in Block 36, as designated on the map entitled "Newbridge Park Map No. 4," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 14, 1929, in Liber 17 of Maps at page 66.

Terms and Conditions of Sale: Cash in lawful money of the United States, ten (10) per cent of the purchase money to be paid in cash or by certified check at the time of the acceptance of bid, and balance on confirmation of sale by said Superior Court. Deed and search of title at expense of purchaser; taxes to be prorated.

Bids or offers must be in writing and may be left at the office of Julian D. Cohn, attorney for said administratrix, Room 234, 375 South Mayfair Avenue, Daly City, California, or may be delivered to said administratrix personally at said address, or may be filed in the office of the Clerk of the above entitled Court at any time after the first publication of this notice and before the making of the sale.

CAROL BROWN,
Administratrix of the estate of Ottilie M. Penn, deceased.

JULIAN D. COHN,
Attorney for Administratrix,

SUMMONS

No. 62724

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo, in the office of the Clerk of said Superior Court.

VINCENT MARSILI, Plaintiff

vs.

EVA MARSILI, Defendant

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

EVA MARSILI, Defendant

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 1st day of OCTOBER, A.D., 1953

CITATION

No. 5940

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

IN THE MATTER OF JOHN DOE NEYAARDA, An Abandoned Child.

To the father of the above named person, to John Salcedo, and to all persons claiming to be the father of such person who is described as follows:

A baby boy born in the City and County of San Francisco, State of California, on April 21, 1952, to a woman known as Teya Neyaarda, and a man known as John Salcedo, said baby boy being delivered into the custody and control of petitioners herein by said mother, Teya Neyaarda, said child having been named John Doe Neyaarda.

You and each of you are hereby cited to be and appear in the Superior Court of the State of California, in and for the County of San Mateo, sitting as a Juvenile Court at the courtroom of the Juvenile Department, which is Department No. 1, County Court House, in Redwood City, County of San Mateo, State of California, on the 2nd day of December, 1953, at 1:30 o'clock P.M. of that day, then and there to show cause, if any you have, why the said John Doe Nayaarda should not be by this court declared free from the custody and control of his father.

Given under my hand and seal of the Superior Court of the State of California, in and for the County of San Mateo, this 23rd day of September, 1953.

CERTIFICATE OF COPARTNERSHIP

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned, FRANK DAVIDSON, VIOLA J. McCANN, and SAMUEL D. KOVITZ,

"Spike Jones" Will Take Over At Curran October 18 to 23

The zaniest show to hit San Francisco and the entire Bay area in years, comes to the stage of the Curran theatre on Geary street, San Francisco, for a three weeks' run, starting October 18.

It is Spike Jones "New Musical Insanities of 1954" and features Helen Grayco, beautiful Italian songbird, George Rock, the renowned City Slickers, Sir Frederic Gas, Freddy Morgan, Bill King, the dainy Slickerettes, the voluptuous Country Cousins, Bernie Jonies, Paul Leu, Dolores Gay, danseuse, June Paul (Paulette), the Wayne Marlin Trio with curvaceous Dolores Marlin, the amazing Egyptian brothers — Mustafa and Abdeu Amin, Billy Barty, noted 4-foot high featured "little guy" in some 100 major movies, Theron Nay, golden voiced tenor and many more.

Eddie Cline "Mack Sennett Keystone Kop" and who also directed some 100 big Sennett comedy hits, is aiding and abetting Spike Jones in the presentation of the two-act, two and one-half hour revue to be staged nightly, including Sundays and on Saturday-Sunday matinees.

Macklin Megley, producer of outstanding attractions, is listed as the one under whose banner the production was staged. The show is so entertaining that it has played the famed "Flamingo" Las Vegas, Nevada, seven times in four years and the California State Fair, five times in three years. From the Curran, San Francisco, it jumps to New York City. Seats are now selling at the Curran box office and mail orders are filled in the order in which received for the entire three weeks.

Auto "Boosters" Pilfer $13 On San Diego Ave.

Two cars were ransacked early Tuesday morning on San Diego avenue, with property valued at $13 being taken.

E. J. Malinoff, 108 San Diego avenue, reported to police that during the night his car, parked in front of his residence, was entered and some $13 worth of tools and a blanket were taken.

The car belonging to Glenn Harrison, 301 San Mateo avenue, parked behind the Malinoff vehicle, was also entered and contents of the glove compartment were strewn about the seat but nothing was taken.

Westlake School News

Grade 6, Esther Jicha, Teacher

"Our good neighbors of Latin America" is the general topic for sixth grade social studies. We have finished studying the Pan American Union. A historical background of Mexico, including the Aztec Indians, has been studied for the past few weeks.

The English class is concerned about nouns at present. Nine rules on forming plurals are keeping us busy.

There is always a great deal of reviewing at the start of a new school year. In arithmetic adding, subtracting, multiplying and dividing have been checked. We are now diagnosing our ability in adding and subtracting fractions.

Grade 5, Ruth Fisher, Teacher

We have three new pupils in our room: David Hoag, Connie Secrest and Barbara Kerr. One is a boy from Oregon. Every Tuesday we have Glee Club for the 5th and 6th grades.

Our librarians fixed up the books at our library corner in our room. The book covers were repaired and they look very nice.

Mrs. Fisher gave the class a map of the world and we colored it. We are well on our way to being real fifth graders.

LOOK-SEE SAFELY

When an interesting scene or unusual roadside object comes into view, motorists are tempted to slow up suddenly on a highway.

WOMEN'S CIVIC CLUB ENTERTAINS DADS

The Daly City Women's Civic club entertained the Dads last Saturday night in the home of Mr. and Mrs. E. Byrne of San Mateo.

The evening was spent entertaining and playing games. Prizes were awarded to the lucky winners.

Home made pies were made by the members. Those who attended were: Mr. and Mrs. S. Cardella, Mr. and Mrs. R. Pool, Mr. and Mrs. E. Cavagnaro, Mr. and Mrs. J. Fields, Mr. and Mrs. E. Boyle, Mr. and Mrs. G. Holmberg, Mr. and Mrs. A. Linden, Mrs. A. Lewis and Mr. and Mrs. J. Eason.

Lo Vette-Jester Will Be United November 1

Forthcoming nuptials between Ruby Ann Lo Vette and Billy Jester were announced this week by the bride-to-be's sister, Mrs. Vivian Crispi.

The wedding will be held November 1 and a reception is planned for November 3 at the Crispi residence, I Parma street.

Miss Lo Vette attended grammar school here and San Mateo high school and at present lives at the Crispi home.

The benedict-elect is now serving with the Navy, and hails from Memphis, Tenn.

New Tuna Tags Used In Cruise

TERMINAL ISLAND—Over 800 new-type tuna tags, hand-lettered by handicapped workers of Goodwill Industries in Los Angeles, were fastened to the backs of albacore and other tuna species during a recent three-week cruise of the California Department of Fish and Game research vessel N. B. Scofield.

The new tags are of the pastic tube type whose effectiveness was made famous this summer by a California-tagged tuna which crossed the Pacific and was caught by a fisherman off Japan.

Most of the Scofield's tagging was done near Guadalupe Island, off the coast of Baja California. Tags recovered later and returned by fishermen will help researchers measure the size of the ocean's tuna population, and will give valuable data on the growth and habits of California's most valuable commercial fish.

Experiments were also made during the cruise to find better ways of handling the temperamental albacore, which goes into violent death throes if not tagged and thrown back in the ocean within 20 to 30 seconds after landing. To gain more tagging time, researchers tried running salt water over the big fish while putting the tag on. This system works successfully with salmon, but got nowhere with the touchy albacore. Holding a hand over the fish's eyes, to shield them from the shock of sunlight, remains the most promising approach that shows results.

As an additional project, Scofield researchers tagged 74 yellowtail. This work was done as part of a Dingell-Johnson Federal aid study of the popular southern California sports fish.

Spawning Boost

YREKA — A boost for natural spawning of the eastern brook trout planted in Siskiyou county's popular Medicine Lake has been provided by the California Department of Fish and Game with removal of fallen trees and debris from a short, spring-fed tributary. The stream is one of the few suitable places for fish from the lake to lay their eggs, biologists found.

THREE OFFICERS NOW MAN "BIKE" PATROL

TRAFFIC SWITCH — Shown above (left to right) are Motorcycle officers E. Beecher, J. Sunderland and H. Sundermann. Until recently the motorcyle squad here consisted of only two men, limiting traffic enforcement. However, since obtaining another motor, the force is enabled to have at least one vehicle on the highway during 7 a.m. and 12 midnight, Chief Roland Petrocchi said. Increasing the size of the motorcycle force has made possible adequate traffic supervision for another five hours daily. Formerly there was no "bike" in operation after 7 p.m.

New S.F. Shopping Center Is Approved

The San Francisco Redevelopment agency has approved a proposal of the Japanese Chamber of Commerce of Northern California for a new Japanese shopping center in the proposed Western Addition redevelopment.

The proposal calls for a Japanese garden and courtyard in the center of buildings surrounding the block bordered by Post, Buchanan, Geary and Webster streets. The buildings would contain ground floor stores similar to the pre-World War II Japanese stores on Grant avenue. Upper floors would house offices for professional people, Japanese and Hawaiian restaurants and a Japanese night club.

Chamber spokesmen said such a venture, which would cost in the neighborhood of a million dollars, would prove a major tourist attraction.

S.F. Port Director Heads National Group

San Francisco Port Director Robert H. Wylie has been named president of the American Association of Port Authorities. He will serve for the 1953-4 year.

Wylie has previously been a director and executive committeeman of the Association, whose membership is made up of port representatives in the United States, Canada and Latin America. He is a veteran of 22 years in Army Transport assignments and joined the San Francisco Port in 1947.

Record Sport Fish

Angler Tom Bates of South America has just claimed the world's record sportfish landed on rod and reel. The black marlin he caught this summer off Cabo Blanco, Peru, tipped the scales at 1352 pounds.

Licences Of 5 Local Motorists Suspended

Drivers' license suspensions was the punishment ordered recently by the state department of motor vehicles for five local motorists.

The action was taken against: Helen Josephine Benner, 179 A Hillcrest drive; Ralph Cappola, 415 88th street, Colma; Robert Haslett, 767 Niantic avenue; James Davis Leigh, 196 School street; and Elmer John Vaccari Jr., Rt. 1, Box 267, Colma.

Permanent reinstatement of license was granted to Anible Fernandez, 455 B street, Colma.

LOCAL GIRL ENROLLS AT WHEATON COLLEGE

Marcia E. Davis, daughter of Mr. and Mrs. C. F. Davis, 239 Fairlawn avenue, has enrolled at Wheaton college, Wheaton, Illinois, as a senior student.

Marcia formerly attended Teaneck high school in New Jersey. She is preparing to be a teacher.

Wheaton college, located 25 miles west of Chicago in the suburban city of Wheaton, is in its 94th year and started the fall session with an enrollment of more than 1500 students of which 608 are new students from 41 states and eight foreign countries. The college maintains its cosmopolitan atmosphere with the entire student body representing 46 states and 38 foreign countries.

Local Sportswomen Enjoy Annual Dinner

Annual dinner for the Daly City Sportswomen's club was held recently at Bimbo's 365 club.

The table was decorated with a centerpiece of yellow chrysanthemums tied with blue ribbons. The flowers were presented to Madam President Leonora O'Neill by Vivian Crispi, madam-president to be.

Members reported an enjoyable time.

The group held their regular meeting Wednesday.

Floral Arrangements Class At Jefferson Hi

A class in floral arrangement has been started in the adult night school at Jefferson union high school.

Mrs. Theresa Ferrero will instruct this group, which will meet each Tuesday and Thursday evening at 7 o'clock in Room 15.

Other night school classes at Jefferson convened on October 6 and Stanford Hannah, superintendent, reproted that they are "going strong."

Game Department Appeals To Hunters

SACRAMENTO—With the first of California's series of four quail hunting seasons under way, the Department of Fish and Game has issued an appeal to hunters to send in quail wings to aid in its upland game management study.

By mailing in the outer half of right quail wings, cooperating hunters will help the Pittman-Robertson investigation crew find out the percentage of young birds in this year's kill. Young birds have a series of hidden feathers on each wing which are mottled, while adults of all species bear a grayish set.

The age ratio study will also show general trends in bird populations, reveal the geographical breakdown of hunter success on young and adult birds, and aid in recommending future hunting seasons and bag limits.

Hunters are asked to send in the wings by mail or express collect to the Department of Fish and Game, 926 Jay street, Sacramento, Calif., with a brief written report of each bird's sex, if determined, and the place of kill.

If a considerable number are shot at the same location on the same date, they may be put in paper bags labelled as to sex, location of kill and date, with males in one bag and females in another.

Lucky Bass Fisherman Gets Outboard Motor

ANTIOCH—When one of the several hundred striped bass tags turned in this year is drawn out of a hat on November 15, some California angler will find himself the winner of a new five horsepower outboard motor.

The Bethel Island Sportsmen's Club will make the award in cooperation with the striper tagging program of the Department of Fish and Game. All tag numbers submitted in 1953 to the Department's Ferry Building office in San Francisco have been turned over to the Club for the award drawing.

California anglers who turn in tags from the fish they have caught, giving time, place, weight and size of their catch, will later receive the tags mounted in a plastic commendation card.

Returned tags provide fisheries biologists with information on the growth, migration and other habits of fish.

SEEK MEANS TO HALT WINTER DEER LOSS

SACRAMENTO — Seeking a means to halt the annual winter loss of deer in its 20-mile Panther Creek power house canal in Amador county, the Pacific Gas and Electric company this fall will invest $9,000 in an experimental one-mile section of deer fence along the concrete canal bank.

It will replace an older fence, built some distance back from the ditch, which has never successfully kept deer from tumbling into the swift flow. The old fence will be repaired as an extra safeguard.

The utility company decided to construct a new seven-foot-high fence adjacent to the flume after talks with representatives of the California Department of Fish and Game and the True Sportsman's Club of Amador county. It will enclose a test area, being cut off by debris screens at either end.

The project is scheduled for completion this fall, before the deer move into the area for the winter.

More than 100 deer died in the canal every year, according to Department of Fish and Game estimates.
